CARSON CITY, NEVADA CONSOLIDATED MUNICIPALITY AND STATE CAPITAL

November 21, 2016

Honorable Mayor, Members of the Board of Supervisors and the Citizens of Carson City:

The comprehensive annual financial report of Carson City for the fiscal year ended June 30, 2016, is hereby submitted as mandated by both local ordinances and state statutes. These ordinances and statutes require that Carson City issue annually a report on its financial position and activity, and that this report be audited by an independent firm of certified public accountants.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Eide Bailly, LLP, Certified Public Accountants, have issued an unmodified opinion on Carson City's financial statements for the year ended June 30, 2016. The independent auditor's report is located at the front of the financial section of this report.

Carson City is required to undergo an annual single audit in conformity with the provisions of Government Auditing Standards and the U.S. Office of Management and Budget (OMB) Compliance Supplement. Information related to this single audit, including the schedule of expenditures of federal awards, the independent auditor's reports on internal controls and compliance, the schedule of findings and questioned costs and the summary schedule of prior audit findings are included in the compliance section.

Accounting principles generally accepted in the United States of America (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. Carson City's MD&A can be found immediately following the report of the independent auditors.

The financial reporting entity, Carson City, includes all the funds of the primary government (i.e., the Consolidated Municipality of Carson City as legally defined), as well as, all of its component units. Component units are legally separate entities for which the primary government is financially accountable. Blended component units, although legally separate entities, are, in substance, part of the primary government's operations and are included as part of the primary government. Accordingly, the Redevelopment Authority is reported as special revenue, debt service and capital project funds of the primary government. Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the primary government and to differentiate their financial position and results of operations from those of the primary government. The Carson City Visitors' Bureau and Airport Authority are reported as discretely presented component units

THE CITY AND ITS GOVERNING BODY

Carson City is the capital city of the State of Nevada. Carson City was founded as a trading post in 1858 and incorporated February 25, 1875. Carson City is a combined City and County governmental entity formed by the consolidation of the City of Carson City and Ormsby County on July 19, 1969.

Carson City has a land area of 147 square miles and an estimated population of 53,969 as of June 30, 2016. The City is empowered to levy a property tax on both real and personal property located within its boundaries. Real and personal taxable property located within the City has an estimated market value of \$3,924,025,294 and an assessed value of \$1,373,408,853.

The City operates under what is commonly known as a "council-manager" form of government which was established by charter and adopted by the State Legislature. Under this form of government, Carson City is governed by a mayor and four supervisors who are elected at large, on a non-partisan basis, for overlapping four year terms. The Board of Supervisors is a policy-making board, appointing a city manager to oversee daily operations.

Carson City provides a full range of services including police and fire protection; sewer and water services; the construction and maintenance of highways, streets and infrastructure; and culture and recreational activities.

The City maintains several budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City's governing body in accordance with Nevada Revised Statutes Chapter 354, the Local Government Budget and Finance Act. Activities of the general fund, special revenue funds, capital projects funds, debt service funds, enterprise funds and internal service funds are included in the annual appropriated budget. The level of budgetary control (that is, the level of which expenditures cannot legally exceed the appropriated amount) is established by function within an individual fund for governmental funds and the sum of operating and non-operating expenses in the proprietary funds.

LOCAL ECONOMY

Carson City is located in the Northwestern part of the State. Nevada's rate of growth in population had been one of the highest in the nation, but with the current economic downturn, this number is expected to remain flat at best for the next several years. Carson City's population decreased 1.3% when comparing July 1, 2015 to July 1, 2016. During the past year, Carson City experienced growth in the real estate market, not unlike the region, the state, and the nation. According to the Assessor's office, the average sales price of a home this year has risen to around \$279,880, up from \$265,000 (5.6% increase) the prior year. The average price in Carson City hit its peak in 2006 with the average sales price around \$346,000.

Carson City is finally seeing signs of economic recovery. Property tax revenue increased slightly from the prior year (2.4%) due to an increase in assessed valuation for FY 15-16. Taxable sales are now increasing as the economy improves contributing to the \$1.8 million (8.1%) increase in the consolidated tax revenues. We expect the recovery to continue gradually into the foreseeable future as our region still has one of the largest unemployment rates in the country at 6.9%. At the end of the current fiscal year, total fund balance of the general fund exceeded the final budget by \$4,338,515. Of this amount, \$826,738 has been included as a budgetary resource in the subsequent year's budget to eliminate a projected excess of expected expenditures over expected revenues.

The assessed valuation of Carson City increased 6.7% in FY 15-16 and in FY 16-17 the assessed valuation increased by 5.2%. Due to a cap on the growth in property tax for existing property and improvements approved by the 2005 Nevada State Legislature, the real growth in tax revenues is limited. The growth in the tax bill for residential property is limited to 3% annual growth and commercial property can grow by a maximum of 8% per year. Only new construction is outside of this cap for the first year it is on the tax rolls. The difference between the actual tax calculation (assessed valuation (x) tax rate) and the capped tax calculation is termed the "abatement". In the general fund, this abatement amount will be approximately \$5.05 million in FY 16-17. The growth in the tax bill is further reduced given a provision of Nevada Revised Statute 361.4722, which includes an additional limit based on the greater of the 10-year average percentage change in assessed valuation or twice the percentage increase in the Consumer Price Index (CPI). During FY 16-17 due to a very low percentage increase in the CPI of just 0.1%, no change to the property tax rate, and additional new construction, property tax revenues are budgeted to increase by only 1%.

With the recent completion of the Carson Street Downtown Revitalization Project, there is a renewed sense of interest in new retail and restaurant activity in the downtown. Towards the end of construction, a survey was conducted asking for feedback on the types of new retail and restaurants that residents would like to see downtown. Over 450 responses provided information for citywide recruitment by stakeholders including property owners, the Downtown Business Association, the Chamber of Commerce and others. This information will provide direction for future recruitment activities. Additional movement downtown has included the Ormsby House hotel/casino property being put up for sale, the impending revitalization of the former Horseshoe Club property on Carson Street and community discussions surrounding the future plans of Jack's Bar, a property on the National Historic Register. Regarding residential activity, plans are moving forward on a variety of parcels including the Andersen Ranch, Lompa Ranch, Mills Landing and Shultz Ranch. All three projects involve residential development while the Andersen and Lompa project are mixed use development (retail and residential).

LONG-TERM FINANCIAL PLANNING AND MAJOR INITIATIVES

Unrestricted fund balance (the total of the committed, assigned, and unassigned components of fund balance) in the General Fund at year end was 11.4% of total General Fund expenditures. This amount is significantly above the policy goal set by the Board of Supervisors for budgetary and planning purposes (i.e., one month of general fund expenditures, approximately 8.3%).

Fees charged at the Carson City Landfill were set based upon regional market rates rather than actual costs. The resultant change in rates has produced revenues in excess of expenditures at the Landfill. These excess revenues will be used to help offset overall General Fund ongoing expenditures.

The City is entering back into a period of economic growth and development. New residential and commercial development has been extremely strong with the valuation of new construction already exceeding levels of the past seven years in just the first four months of FY 17. Both residential and commercial construction are on track to meet or exceed pre-recession levels.

Pursuant to Nevada Revised Statutes, the City maintains a five-year Capital Improvement Program (CIP) which serves as its planning document to ensure that its facilities, equipment, and infrastructure are well maintained and operating in peak condition. Under the guidance of a CIP Committee, this process gives the City the ability to plan for its capital needs and allocate short-term and long-term resources appropriately. As part of this process, the City identifies and quantifies the

operational costs associated with its capital projects and budgets resources accordingly. The FY 16-17 Capital Improvement Program includes \$4.4 million in capital projects and equipment replacement for Governmental Activities and \$22.9 million for Business-Type Activities for a total of \$27.3 million. Included in this \$27.3 million is \$15 million for the rehabilitation of the Water Resource Recovery Facility and \$2.8 million for sewer line replacement, \$1.6 million for road construction and signals, \$860,000 in building improvements, approximately \$2 million for vehicle and equipment replacement and \$4.5 million for other infrastructure and water system improvements.

A 1/8 cent increase in sales tax was approved and implemented in October 2014 which will be used to pay down capital project bonds. These bonds have been used pursuant to NRS 377B, for projects including, but not limited to, construction of an animal services facility and street and pedestrian improvements in the downtown area which were both completed in October 2016 and a multi-purpose athletic center which was completed in January 2016. Carson Street and William Street/Highway 50 East Commercial Corridors are still ongoing. Other projects may be identified, if the sales tax will support further bond issuances, as directed by the Board of Supervisors.

Improvements to the Water Resource Recovery Facility are being implemented due to our outdated facility. The City is replacing the secondary treatment and solids mixing systems and upgrading components of the electrical and control systems. The City hired a Construction Manager at Risk and they have begun the Phase 1A improvements. The Board authorized a comprehensive review of water and sewer rates in fiscal year 2013 and as a result authorized water and sewer rate increases for the five subsequent years to fund these upgrades as well as provide reserves for system reinvestment as the comprehensive review determined we were relying too heavily on debt for capital improvements.

The Carson Freeway, Phases 2B-1 and 2B-2 are complete and 2B-3 will open the freeway to traffic in 2017. This will extend the freeway from Fairview Drive to Highway 50 / S. Carson St. By agreement with the State, Carson City will defer payment of local fuel taxes until the completion of Phase 2B-4 which will include the S. Carson St. Interchange.

RELEVANT FINANCIAL POLICIES

A minimum unrestricted ending fund balance of not less than 5% (with a goal of 8.3%) of total budgeted expenditures shall be included in the General Fund budget each fiscal year. An inability to meet this requirement must be approved by the Board of Supervisors.

For the FY 16-17, the City budgeted an ending fund balance of 7.05% of budgeted expenditures, an increase of 37%t from the amount budgeted in the prior FY (5.15%).

OTHER INFORMATION

AWARDS. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Carson City for its comprehensive annual financial report for the fiscal year ended June 30, 2015. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such a CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. Carson City has received a Certificate of Achievement for the last twenty-six consecutive years. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

ACKNOWLEDGMENTS. The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department. Each member of the department has my sincere appreciation for the contribution made in the preparation of this report.

In closing, without the leadership and support of the Carson City Board of Supervisors, the continued strengthening of the City's finances and the continued dedication to financial excellence would not have been possible.

Sincerely,

Nancy Paulson, CPA Chief Financial Officer

Independent Auditor's Report

To the Honorable Mayor and Members of the Board of Supervisors Carson City, Nevada

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Carson City, Nevada (the City), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Airport Authority of Carson City, Nevada, or the Carson City Convention and Visitors' Bureau, which represents 100% of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Airport Authority of Carson City, Nevada and the Carson City Convention and Visitors' Bureau is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's

internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of June 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 12-21, the schedule of funding progress - other post-employment benefits on page 72, the schedule of the City's proportionate share of the net pension liability on page 73, and the schedule of the City's contributions on Page 74, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual fund statements and schedules including budgetary comparisons, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual fund statements and schedules including budgetary comparisons and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules including budgetary comparisons and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Prior Year Comparative Information

We have previously audited, in accordance with accounting standards generally accepted in the United States of America, the basic financial statements of the City, as of and for the year ended June 30, 2015, and have issued our report thereon dated November 24, 2015, which expressed an unmodified opinion on the respective financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information.

The nonmajor combining and individual fund financial statements and schedules related to the 2015 financial statements are presented for purposes of additional analysis and were derived from and relate directly to the underlying accounting and other records used to prepare the 2015 financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2015 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those financial statements or to those financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. The individual fund financial statements and schedules are consistent in relation to the basic financial statements from which they have been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 21, 2016, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Reno, Nevada November 21, 2016

Esde Saelly LLP

As management of Carson City, Nevada (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2016. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 1-5 of this report.

Financial Highlights

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$302,987,923 (net position).
- The City's total net position increased by \$5,654,440 (1.9%). This increase is attributable to a year over year consolidated tax increase of 8%, while initial budget only included a 4% increase.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$22,896,266, a decrease of \$7,968,133 in comparison to the prior year. Approximately 26.2% of this amount (\$6,005,645) is available for spending at the City's discretion (unassigned fund balance).
- At the end of the current fiscal year, unrestricted fund balance for the General Fund was \$7,318,481, or 11.4% of total General Fund expenditures.
- The City's total bonded debt and notes payable increased by \$2,440,136 (1.5%) during the current fiscal year as a result of the Sewer General Obligation Bond Issuance of \$6,000,000, plus \$7,753,915 of Sewer, Water and Stormwater State Revolving Fund debt issuance, reduced by current year principal payments on debt.
- The City's total capital assets increased by \$18,888,948 (3.5%) during the fiscal year as a result of the construction of the downtown streetscape project, the completion of the multi-purpose athletic center, and construction of the water resource recovery facility.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents financial information on all of the City's assets, liabilities, and deferred inflows / outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, judicial, public works, sanitation, health, welfare, community support, airport, economic opportunity, and culture and recreation. The business-type activities of the City include water, sewer, ambulance, cemetery, building permits and stormwater drainage.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also a legally separate airport authority and a legally separate visitors' bureau for which the City is financially accountable. Financial information for these *component units* is reported separately from the financial information presented for the primary government itself. The Redevelopment Authority, although also legally separate, functions for all practical purposes as a department of the City, therefore has been included as an integral part of the primary government.

The government-wide financial statements can be found on pages 22-25 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains twenty-five individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund which is considered to be a major fund. Data from the other twenty-four governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining and individual fund statements and schedules* elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund and for each of its special revenue funds, debt service funds and capital projects funds. A budgetary comparison schedule has been provided for each of the City's governmental funds to demonstrate compliance with this budget. The budgetary comparison statement for the General Fund the major governmental fund is located in the basic financial statements and budgetary comparison schedules for the nonmajor governmental funds are provided in the individual funds statements.

The basic governmental fund financial statements can be found on pages 26-30 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water, sewer, ambulance, cemetery, building permit, and stormwater drainage operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its group medical insurance, workers' compensation, insurance and fleet management. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water and sewer operations, each of which are considered to be major funds of the City. Conversely, internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Data from the other four enterprise funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor funds is provided in the form of *combining and individual fund statements and schedules* elsewhere in this report. Individual fund data for the internal service funds is provided in the form of *combining and individual fund statements and schedules* elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 31-35 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 36-37 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a gaining full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 38-71 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report presents *required supplementary information* concerning the City's progress in funding its obligation to provide OPEB benefits to its employees, schedule of City's proportionate share of the net pension liability, and the Schedule of City's retirement contributions. Required supplementary information can be found on page 72-74 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds, internal service funds, and enterprise funds are presented following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 75-165 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$302,987,923 at the close of the most recent fiscal year.

By far the largest portion of the City's net position (130%) reflects its investment in capital assets (e.g., land, buildings, improvements, machinery and equipment, and infrastructure), less any related outstanding debt that was used to acquire those assets. The City uses these capital assets to provide a variety of services to its citizens. Accordingly, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

| Net position: Net investment in capital assets | 299,558,400 | 293,236,174 | 94,521,657 | 95,262,713 | 394,080,057 | 388,498,887 |
| Restricted | 13,049,482 | 8,227,111 | - | , , - | 13,049,482 | 8,227,111 |
| Unrestricted | (104,344,249) | (95,565,722) | 202,633 | (3,826,793) | (104,141,616) | (99,392,515) |
| Total net position | \$208,263,633 | \$205,897,563 | \$94,724,290 | \$91,435,920 | \$302,987,923 | \$297,333,483 |

An additional portion of the City's net position (4.3%) represents resources that are subject to external restrictions on how they may be used. This leaves a negative balance of \$104,141,616 for *unrestricted net position*.

At the end of the current fiscal year, the City is able to report positive balances in two of the three categories of net position for the government as a whole, as well as, for its separate governmental activities. Unrestricted net position is reported as a negative balance. The business-type activities reported positive balances in all categories of net position. In the prior fiscal year, the City reported positive balances in all categories with the exception of unrestricted net position.

The City's net position increased \$5,654,440 during the current fiscal year. The increase is attributable to increases in sales, property and consolidated taxes, as well as charges for services in Building Permits, Sewer and Water Funds.

Governmental activities. Governmental activities increased the City's net position by \$2,366,070. This results in a net change (decrease) of \$29,660,457 when compared to the increase of \$32,026,527 in the prior year. Key elements of the change from prior year are as follows:

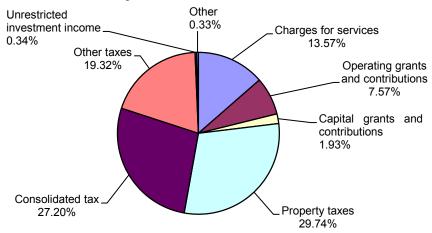

- > \$30.7 million increase in capital grants and contributions in the prior year, primarily due to the Lands Bill. This was a one-time contribution of land from the Bureau of Lands Management.
- ➤ \$2.6 million increase in sales and consolidated taxes.
- > \$505,000 increase in property taxes.
- ➤ \$1.4 million decrease in Federal Grants for the Airport.

Program revenues for governmental activities provided 24% of the resources necessary to pay the cost of providing program services. The remaining program costs were financed with general revenues. The largest general revenues are property taxes of \$27,166,226 and consolidated taxes of \$24,846,886.

Expenses and Program Revenues - Governmental Activities

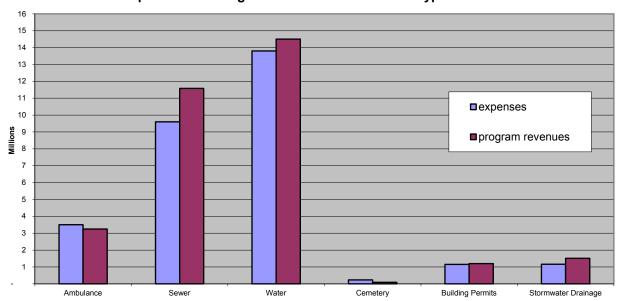

Business-type activities. Business-type activities increased the City's net position by \$3,288,370. This results in a net change (increase) of \$1,440,356 when compared to the increase of \$1,848,014 in the prior year. Key elements of the change from prior year are as follows:

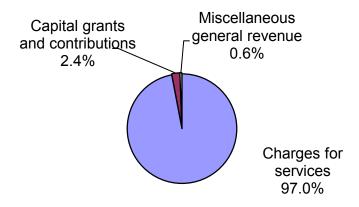

- \$360,000 (2.6%) increase in water charges for services expected given rate increases, implemented July 1, 2013 by the Board of Supervisors for upcoming capital purchases and reinvestment.
- > \$288,774 increase in sewer expenses which includes contract adjustments and merit increases for employees.
- ▶ \$1.4 million (14.3%) increase in sewer revenue is due to a rate increase implemented July 1, 2013 by the Board of Supervisors for upcoming capital purchases and reinvestment.
- \$538,733 increase in expenses for the water fund due to the replacement of water meters, contract adjustments and merit increases for employees.
- > \$377,763 increase in the Developer Contributions to the Water, Sewer and Stormwater Funds

Sewer and water expenses represent 79.4% of total expenses for business-type activities.

Expenses and Program Revenues - Business - type Activities

Revenues by Source - Business - type Activities

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, the City itself, or a group or individual that has been delegated authority to assign resources for use for particular purposes by the City's Board.

At June 30, 2016, the City's governmental funds reported combined ending fund balances of \$22,896,266, a decrease of \$7,968,133 in comparison with the prior year. Approximately 26.2% of this amount (\$6,005,645) constitutes *unassigned fund balance*, which is available for spending at the City's discretion. The remainder of the fund balance is either *nonspendable*, *restricted*, *committed*, *or assigned* to indicate that it is: 1) not in spendable form (\$117,612), 2) restricted for particular purposes (\$14,481,231), 3) committed for particular purposes (\$6,856), or 4) assigned for particular purposes (\$2,284,922).

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$6,005,645, while total fund balance increased to \$8,181,142. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total general fund expenditures. Unassigned fund balance represents 9.4% of total general fund expenditures, while total fund balance represents 12.7% of that same amount.

The fund balance of the City's general fund increased by \$552,830 during the current fiscal year. This results in a net change (decrease) of \$623,908 when compared to the increase of \$1,176,738 in the prior year. Key elements of the change from prior year are as follows:

- Consolidated tax revenues increased by \$1,852,911 from the prior year. This is revenue passed through from the State, which is the result of an increase in taxable sales as our economy slowly recovers.
- > Property tax revenues increased by \$527,701 from the prior year. This is a result of the increase in assessed values.
- ➤ Increase in landfill fees of \$146,581.
- General fund expenditures increased by approximately \$2.6 million (or 4.1%). This increase was mostly due to an increase in salaries and benefits during the current fiscal year as a result of the contract adjustments and merit increases. In addition, there was a \$223,000 increase in health expenditures related to pass-down costs from the State for Child Protective Services.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position at the end of the year amounted to \$4,633,585 in the Sewer Fund and \$135,756 in the Water Fund. The Sewer Funds total net position increased by \$2,084,827 and the Water Funds net position increased by \$873,637. Other factors concerning the finances of these two funds have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights:

Budgeted appropriations increased \$2,234,268 between the original budget and the final amended budget. The increase can be briefly summarized as follows:

- ➤ Carryover of program costs and savings from the prior year budget amounting to \$1,840,496 allocated to various departments.
- > \$393,772 increase in various department appropriations offset by increases in charges for services, intergovernmental revenues, and other miscellaneous revenues.

Of this increase, \$5,347 was funded from charges for services, \$388,425 was funded from refunds, reimbursements, grants and donations, and \$1,840,496 was to be budgeted from available fund balance.

The significant differences between the final amended budget and actual amounts are as follows:

- Actual intergovernmental revenues were \$710,842 more than the final budget due to an increase of \$1,852,911 in consolidated tax revenue and \$324,673 in additional revenue from miscellaneous income such as delinquent taxes, gifts and donations, and refunds and reimbursements. This increase is offset by a decrease of \$480,000 which was budgeted as an intergovernmental revenue but for financial reporting purposes was reclassified as a transfer in from the Redevelopment Revolving Fund.
- Actual expenditures by function were less than the final budget as a result of expenditure reductions, employee vacancies and unspent restricted funds that will be carried over to the next fiscal year's budget.

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for its governmental and business-type activities as of June 30, 2016, amounts to \$553,632,268 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, infrastructure, water capacity and water rights. The total increase in the City's investment in capital assets for the current fiscal year was 3.5% (a 2.2% increase for governmental activities and a 6.2% increase for business-type activities).

Major capital asset events during the current fiscal year included the following:

- Multi-Purpose Athletic Center was completed in the current year increasing construction in progress an additional \$5.7 million, the entire project was transferred to Land and Buildings at a total of \$9.1 million.
- East-West Transmission Main Phase II and Water Resource Recovery Facility projects continued during FY16 resulting in an increase in construction in progress in the Sewer and Water Fund of approximately \$10.5 million.
- Downtown Streetscape project began in FY16 resulting in an increase to construction in progress of \$4.7 million.

Additional information on the City's capital assets can be found in Note 3-B on pages 49-53 of this report.

Long-term debt. At the end of the current fiscal year, the City had total bonded debt outstanding of \$164,744,555. Of this amount, \$148,774,055 comprises debt backed by the full faith and credit of the government. The remainder of the City's bonded debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

Carson City's Outstanding DebtGeneral Obligation, Revenue Bonds and Notes Payable

| | Governmental Activities | | Business-Type Activities | | Total | | |
|--------------------|-------------------------|--------------|--------------------------|--------------|---------------|---------------|--|
| | 2016 | 2015 | 2016 | 2015 | 2016 | 2015 | |
| General obligation | | | | | | | |
| Bonds | \$63,375,000 | \$67,590,000 | \$85,399,055 | \$76,721,919 | \$148,774,055 | \$144,311,919 | |
| Revenue bonds | 15,970,500 | 17,159,100 | - | - | 15,970,500 | 17,159,100 | |
| Notes Payable | 3,361,300 | 3,895,800 | 1,090,800 | 1,389,700 | 4,452,100 | 5,285,500 | |
| Total | \$82,706,800 | \$88,644,900 | 86,489,855 | \$78,111,619 | \$169,196,655 | \$166,756,519 | |

The City's total bonded debt and notes payable increased by \$2,440,136 (1.5%) from the prior year due to the Sewer General Obligation Bond issuance of \$6,000,000 and General Obligation Revenue Bonds - State of Nevada Revolving Loan authorized \$30,750,000 in the prior year and \$7,753,915 was drawn down during the current year. Notes payable decreased by \$833,400 (15.8%) and Revenue Bonds decreased by \$1,188,600 (6.9%) due to current year principal payments, and an advanced refunding of the 2010 Highway Bonds.

The City maintained an "AA-" rating from Standard & Poor's and an "A1" rating from Moody's for general obligation debt.

State statutes limit the amount of general obligation debt a governmental entity may issue to 15% of its total assessed valuation. The current debt limitation for the City is \$213,697,900, which is significantly in excess of the City's outstanding general obligation debt.

Additional information on the City's long-term debt can be found in Note 3-D on pages 54-61 of this report.

Economic Factors and Next Year's Budgets and Rates

- The City's unemployment rate was 6.9% at June 30, 2016, which is a decrease from a rate of 7.3% a year ago. The national and state unemployment rates were 4.9% and 6.4%, respectively, at June 30, 2016.
- > The City's assessed value increased 6.7% in fiscal year 2015-16 to \$1.373 billion and increased 5.2% in fiscal year 2016-17 to \$1.445 billion.
- Consolidated tax revenue was projected to increase 4% for fiscal year 2016-17. July 2016 shows a 7.8% increase and August 2016 shows a 6.3% increase compared to the same months during fiscal year 2015-16.

All of these factors were considered in preparing the City's budget for the 2017 fiscal year.

During the current fiscal year, unrestricted fund balance in the General Fund increased from \$6,813,213 to \$7,318,481. The City has assigned \$826,738 of this amount for eliminating a 2017 fiscal year budget deficiency.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Carson City Finance Department, 201 N. Carson Street, Suite 3, Carson City, Nevada 89701.

CARSON CITY, NEVADA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES GOVERNMENTAL FUNDS FOR THE YEAR ENDED JUNE 30, 2016

| FOR THE YEAR ENDED JUNE 30, 2016 | | | | |
|--|----|--------------|----|-------------|
| Net Change in Fund Balances - Governmental Funds (page 28) | | | \$ | (7,968,133) |
| Amounts reported for governmental activities in the statement of | | | | |
| activities (pages 24-25) are different because: | | | | |
| Governmental funds report capital outlays as expenditures and the proceeds | | | | |
| from the sale of assets as other financing sources. However, in the statement | | | | |
| of activities, the cost of those assets is depreciated over their estimated | | | | |
| useful lives and only the gain or loss is recorded when assets are sold. | | | | |
| Expenditures for capital assets | \$ | 14,524,131 | | |
| Contributions of capital assets from business-type activities | | 125,857 | | |
| Donated capital assets | | 518,864 | | |
| Sale/disposition of assets | | (20,501) | | |
| Less: Current year depreciation | | (7,114,329) | | |
| | | <u>.</u> | | 8,034,022 |
| Revenues in the statement of activities that do not provide current financial | | | | |
| resources are not reported as revenues in governmental funds. | | | | |
| Change in unavailable revenue | | | | (222,042) |
| Bond and note proceeds and capital leases provide current financial resources | | | | |
| to governmental funds, but issuing debt increases long-term liabilities in the | | | | |
| statement of net position. Repayment of bonds and note principal and | | | | |
| capital leases is an expenditure in the governmental fund, but the repayment | | | | |
| reduces long-term liabilities in the statement of net position. This is the | | | | |
| amount by which bonds and notes issued and capital lease financing | | | | |
| exceeded repayments and costs of issuance. | | | | |
| Bonds issued | | (21,580,000) | | |
| Capital lease | | (10,300) | | |
| Bond premiums | | (1,836,172) | | |
| Accrued interest | | (589,305) | | |
| Capital lease payments | | 119 | | |
| Interest payments | | 749,361 | | |
| Principal payments | | 4,498,100 | | |
| Payment to escrow agent for refunding | | 23,701,582 | | |
| Taymon to total agent to retaining | _ | 25,701,502 | | 4,933,385 |
| Some expenses reported in the statement of activities do not require the use | | | | , , |
| of current financial resources and, therefore, are not reported as | | | | |
| expenditures in governmental funds. | | | | |
| Amortization of loss on bond refunding | | (255,340) | | |
| Amortization of bond premiums | | 297,102 | | |
| Change in long-term landfill closure / post closure | | (133,042) | | |
| Change in net OPEB asset | | (40,556) | | |
| Change in net OPEB obligation | | (2,714,383) | | |
| Change in net retirement obligation | | (6,977,277) | | |
| Change in deferred outflows of resources | | 1,363,755 | | |
| Change in deferred inflows of resources | | 7,279,056 | | |
| Change in long-term compensated absences | | (125,852) | | |
| Internal service funds are used by management to charge the costs of certain | | | | (1,306,537) |
| activities to individual funds. The net income of the internal service funds | | | | |
| is reported with governmental activities. | | | | (1,104,625) |
| Change in Net Assets of Community I Astinities (see 24.25) | | | • | |
| Change in Net Assets of Governmental Activities (pages 24-25) | | | Þ | 2,366,070 |

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

Carson City (the City) is a consolidated municipality governed by an elected mayor and a four-member board, which comprise the Board of Supervisors. The accompanying financial statements present the City and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City's operations, and, therefore, data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government. Each blended and discretely presented component unit has a June 30 year end.

BLENDED COMPONENT UNIT. The Redevelopment Authority is governed by a board comprised of the City's elected Board of Supervisors. The ad valorem tax rates and bond issuance authorizations are approved by the Redevelopment Authority and the Board of Supervisors and the legal liability for the general obligation portion of the Authority's debt remains with the City. The financial statements of the Authority are reported as special revenue, debt service and capital projects funds.

DISCRETELY PRESENTED COMPONENT UNITS. The Carson City Visitors Bureau is responsible for the promotion of tourism in Carson City. The members of the Bureau's governing board are appointed by the Board of Supervisors. The Bureau is fiscally dependent upon the City since the Board of Supervisors sets the room tax rates and must approve any general obligation debt issuances. The Visitors Bureau is presented as a governmental activity.

The Carson City Airport Authority is responsible for the operations of the Carson City Airport. The members of the Authority are appointed by the Board of Supervisors. The Authority is fiscally dependent upon the City since the Board of Supervisors is the recognized grantee for any Federal Aviation Administration grants awarded on behalf of the Authority and any property tax levies must be approved by the Board of Supervisors. The Authority is presented as a governmental activity.

Complete financial statements for each of the discretely presented component units may be obtained at the entity's administrative offices.

Carson City Visitors Bureau 1900 South Carson Street Carson City, Nevada

Carson City Airport Authority 2600 East Graves Lane, Suite 6 Carson City, Nevada

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Government-Wide Financial Statements – The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements – Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis* of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. Carson City considers all revenues, except grants, available if they are collected within 60 days of the end of the current fiscal period. Grant revenues are considered available if they are collected within 120 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, consolidated taxes, franchise fees, motor vehicle fuel taxes, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period.

Shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Grants and similar items are recognized as revenues when eligibility requirements imposed by the provider have been met. All other revenue items are considered to be measurable and available only when cash is received by the City.

The government reports the following major governmental fund:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The government reports the following major proprietary funds:

The Sewer Fund accounts for the activities of the sewer services provided to the residents of Carson City.

The Water Fund accounts for the activities of the water services provided to the residents of Carson City.

Additionally, the government reports the following fund types:

Internal service funds account for group medical insurance, workers' compensation, liability and property insurance, and fleet management services provided to other departments or agencies of the government, or to other governments, on a cost reimbursement basis.

The *Investment Trust Fund* accounts for the external portion of the investment pool administered by the City which includes assets held in trust for the school district.

Agency funds are custodial in nature and do not involve measurement of results of operations. The funds account for assets held by the City as an agent for various local governments, special districts and individuals. Included are funds for property taxes, sales taxes, shared revenues and other financial resources for schools, special districts, and other state and city agencies.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are interfund services provided and used and other charges between the City's business-type activities and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds and internal service funds are charges to customers for services. Operating expenses for enterprise funds and internal service funds include salaries and wages, employee benefits, services and supplies, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY

1. <u>Deposits and Investments</u>

For purposes of the statement of cash flows presented for proprietary funds, cash equivalents are defined as short-term, highly liquid investments, generally with original maturities of three months or less. Since all cash in proprietary funds is pooled with the rest of the City's cash and is available upon demand, all cash and investments in those funds except restricted cash and investments are considered cash equivalents. The City considers cash purchases and sales of the following types of investments as part of its cash management program rather than part of its operating, capital, investing, and financing activities.

Pursuant to NRS 355.170 and 355.167, Carson City may only invest in the following types of securities:

- a) United States bonds and debentures maturing within ten (10) years from the date of purchase.
- b) Certain farm loan bonds.
- c) Bills and notes of the United States Treasury and obligations of an agency or instrumentality of the United States of America or a corporation sponsored by the government maturing within ten (10) years from the date of purchase.
- d) Negotiable and non-negotiable certificates of deposit from commercial banks and insured credit unions or savings and loan associations.
- e) Certain securities issued by local governments of the State of Nevada.
- f) Other securities expressly provided by other Statutes, including repurchase agreements.
- g) State of Nevada Local Government Investment Pool.
- h) Certain bankers' acceptances, commercial paper issued by a corporation organized and operating in the United States, and money market mutual funds.

Investments are reported at fair value.

<u>Implementation of GASB Statement No. 72</u>: As of July 1, 2015 the City adopted GASB Statement No. 72, *Fair Value measurements and Application*. The implementation of this standard requires governments to measure investments at fair value. The additional disclosures required by this standard are included in Note 3A.

2. <u>Investment Pool Investment Income</u>

Interest income is recorded on the accrual basis in the investment pool. Net realized gains (losses) on investments are the sum of differences between the cost (if purchased during the fiscal year) or the fair value of the investment at the beginning of the year, and the net selling price received for investments that are sold or matured.

The net increase (decrease) in fair value of investments in the investment pool is the difference between the cost (if purchased during the fiscal year) or the fair value of the investments at the beginning of the year, and the fair value of the investments at the end of the year.

3. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." Operating appropriations and subsidies are accounted for as transfers in the funds involved.

Advances between funds, as reported in the fund financial statements, are offset by nonspendable fund balance in the applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All funds employ the allowance method of recognizing bad debts. Management does not anticipate any material collection losses with respect to its accounts receivable balances in any fund, except the Ambulance Fund; and, therefore, the allowance in those funds is zero.

The Ambulance Fund accounts receivable are presented net of the allowance for uncollectible accounts. Allowance for uncollectible accounts at June 30, 2016 is \$175,885 and represents claims outstanding more than 180 days. Total uncollectible ambulance charges written off during the period amounted to \$710,105.

Property taxes are levied as of July 1 on property values assessed the previous December. Taxes may be paid in four installments on the third Monday in August and the first Mondays in October, January, and March. Penalties are assessed if a taxpayer fails to pay an installment within ten days of the installment due date. On the first Monday in June, if the taxes remain unpaid, a Treasurer's Trustee Certificate is issued conveying the property to the Treasurer as Trustee, constituting a lien for back taxes and accumulated delinquency charges. A two year redemption period begins after the certificate placing such property in trust is issued. Redemption may be made by the owner and such persons as described by Statute by paying all back taxes and accumulated penalties, interest, and costs before sale. For property with taxes remaining unpaid at the end of the two year redemption period, Carson City may take a deed to the property and proceed to a tax sale. Secured roll property taxes receivable reflect only those taxes receivable from the delinquent roll years. No provision for uncollectible accounts has been established since management does not anticipate any material collection losses in respect to the remaining balances.

Accounts receivable for the discretely presented component units do not reflect an allowance for uncollectible accounts. The managements of the respective entities do not anticipate any material collection losses with respect to accounts receivable balances.

4. Inventories and Prepaid Items

The City's policy is to value inventories in Governmental Funds at cost using the average cost method, while Proprietary Fund inventories are valued at cost using the weighted average method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The City uses the consumption method, expenses are recorded to the period in which those services were used.

5. Restricted Assets

Certain assets of Carson City's General Fund and Commissary Special Revenue Fund are classified as restricted assets because their use is restricted as the amounts are held for others.

6. Capital Assets

Capital assets, which include land, construction in progress, buildings, improvements, machinery and equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life of at least one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

| <u>Assets</u> | <u>Years</u> |
|-----------------------------------|--------------|
| Buildings | 40-50 |
| Improvements other than buildings | 30-45 |
| Machinery and equipment | 5-10 |
| Infrastructure | 15-50 |

7. <u>Long-Term Obligations</u>

In the government-wide financial statements and the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, are deferred and amortized over the life of the bonds using the straight-line method. For current and advanced refundings resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred as an inflow or an outflow and amortized as a component of interest expense using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures in the year incurred.

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. The City pays a portion of the employee's unused sick leave at the time of employee termination if provided for in the applicable Employee Association contract. Vacation pay and sick leave payoff are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

8. <u>Pension</u>

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of the State of Nevada (PERS) Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

9. Deferred Outflows and Deferred Inflows of Resources and Restatements

Deferred outflow of resources represents a consumption of net position that applies to a future period and so will not be recognized as an outflow or resources (expense/expenditure) until that time. Deferred inflow of resources represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

Items currently presented as deferred outflows and deferred inflows are as follows:

- Unamortized gains or losses resulting from advance bond refunding's are presented as deferred inflows of resources and deferred outflows of resources.
- Delinquent property taxes and delinquent landfill fees are presented in the General Fund and
 Other Governmental Funds as a deferred inflow of resources, specifically unavailable revenuedelinquent property taxes and delinquent landfill fees. Property tax revenues are considered
 "delinquent" when the due date of an assessment has passed and any statutory appeal rights have
 expired. Landfill fees earned but delinquent are considered delinquent if unpaid within 10 days
 of the due date.
- The City participates in Public Employees' Retirement System of the State of Nevada (PERS) and Judicial Retirement System of Nevada (JRS), and will now present the City's portion of these Retirement Obligations on the Statement of Net Position. In addition, the City will recognize differences between expected and actual experience and the net difference between projected and actual earnings on pension plans investments as a deferred inflow of resources, and changes in the employer's proportion and differences between the employer's contributions and the employer's proportionate contributions and City contributions subsequent to the measurement date as deferred outflows of resources. Contributions subsequent to the measurement date include fiscal year 2016 contributions made by the City to PERS and JRS. All other deferred amounts were obtained from the Schedule of Employer Allocations, Schedule of Pension Amounts by Employer, and Related Notes Report prepared by PERS and the GASB 68 Actuarial Valuation for JRS for the Fiscal Year Ended June 30, 2015.

10. Connection Fees

It is the policy of the Board of Supervisors that new users hooking up to the water and sewer systems pay a "pro rata" share of the cost of the existing systems as calculated on the basis of "Equivalent Residential Customers." To this end, a connection fee is charged for new hookups to the water and sewer systems and the amounts are reported as capital contributions.

11. Equity Classifications

In the government-wide financial statements, equity is classified as net position and displayed in three components:

- Net Investment in Capital Assets Consists of capital assets, net of accumulated depreciation and reduced by outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- Restricted Net Position Consists of net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; (2) law through constitutional provisions or enabling legislation.
- Unrestricted Net Position All other net position that do not meet the definition of "net investment in capital assets, net of related debt" or "restricted."

In the fund financial statements, governmental fund equity is classified as fund balance.

Fund Balance Classification:

In the governmental fund statements, fund balance classifications describe the relative strength of the spending constraints:

- <u>Nonspendable</u>: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.
- Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
- <u>Committed:</u> This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Supervisors. These amounts cannot be used for any other purpose unless the Board of Supervisors removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed.
- <u>Assigned:</u> This classification includes amounts that are constrained by the City's intended use for a
 specific purpose but are neither restricted nor committed. The Board of Supervisors, in accordance with
 the Fund Balance Policy, has delegated the authority to assign fund balance for specific purposes to the
 City Manager or the Finance Director. This classification also includes the remaining positive fund
 balance for all governmental funds except for the General Fund.
- <u>Unassigned:</u> This classification includes the residual fund balance for the General Fund. The General Fund is the only fund that would report a positive amount in unassigned fund balance. The unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of assigned fund balance amounts.

A minimum unrestricted ending fund balance of not less than 5% (with a goal of 8.3%) of total budgeted expenditures shall be included in the General Fund budget each fiscal year. An inability to meet this requirement must be approved by the Board of Supervisors.

Spending Order of Fund Balances:

Fund balance classifications should depict the nature of the net resources that are reported in the governmental fund. Fund balance in individual governmental funds may be comprised of a single classification or many classifications.

When both restricted and unrestricted funds are available for expenditure, it is the City's policy to expend restricted resources first then unrestricted resources.

Unrestricted fund balance includes the committed, assigned, and unassigned classifications. When any of these amounts are available for expenditure, it is the City's policy to expend committed resources first, followed by assigned resources, then unassigned resources.

12. Comparative Data

Comparative total data for the prior year have been presented only for individual funds in the fund financial statements in order to provide an understanding of the changes in financial position and operations for the funds. Also, certain amounts presented in prior year data have been reclassified in order to be consistent with current year's presentation.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. BUDGETARY INFORMATION

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental and proprietary funds. All annual appropriations lapse at fiscal year-end.

On or before mid-February of each year, all agencies of the City must submit requests for appropriations to the Internal Finance Committee comprised of the City Manager, Finance Director, District Attorney and Human Resources Director in order that a budget may be prepared. Before April 15th, a tentative budget is submitted to the Board of Supervisors, the Redevelopment Authority, and the State of Nevada. The City then holds a series of public hearings and a final budget must be prepared and adopted no later than June 1st.

The appropriated budget is prepared by fund, function and department. The City's department heads may request transfers of appropriations within the department's budget categories. Transfers of appropriations between department categories or functions within a fund may be made with the City Manager's approval. Transfers of appropriations between funds, from contingency accounts, or increases in budget appropriations require the approval of the Board of Supervisors or Redevelopment Authority. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the function level for governmental funds and the sum of operating and nonoperating expenses in the proprietary funds. There are no budgetary restrictions in the debt service funds regarding expenditures related to payments of principal and interest on long-term debt. The Board made several supplemental budgetary appropriations throughout the year.

B. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

Total expenses exceed those budgeted for the year in the Cemetery Fund by \$605, an apparent violation of NRS 354.626.

NOTE 3 - DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

At year end, the City's carrying amount of deposits was \$10,332,934 and the bank balance was \$11,712,610. All of the bank balance was covered by FDIC, SIPC, or collateralized by the Office of the State Treasurer/Nevada Collateral Pool.

The carrying amount of deposits for Carson City Airport Authority, discretely presented component unit, was \$582,014, and the bank balance was \$582,274. All of the bank balance was covered by federal depository insurance or by collateral held by the component unit's agent in the component unit's name. As of June 30, 2016, the Carson City Convention and Visitors Bureau is investing in the Carson City Investment Pool, their balance is \$1,126,272.

The City has a formal investment policy to establish guidelines for the prudent investment of City funds. Funds of the City will be invested in compliance with the provisions of Nevada Revised Statutes, Chapters 355.167 through 355.200, and other applicable statutes. Allowable investments are described in Note 1.D.1.

The City categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value:

Level 1 – Inputs are quoted prices in active markets for identical assets;

Level 2 – Inputs are significant other observable inputs; and

Level 3 – Inputs are significant unobservable inputs.

The City does not have any investments that are measured using Level 3 inputs.

As of June 30, 2016, the City had the following recurring fair value measurements below:

| | | Fair Value Measurements Using | | |
|---|---------------|-------------------------------|----------------|--|
| Government-wide Balances: Investment Type | Total | Level 1 Inputs | Level 2 Inputs | |
| U.S. Treasuries | \$ 10,306,231 | \$ 10,306,231 | \$ - | |
| U.S. Agencies | 13,701,348 | 13,701,348 | | |
| Corporate Bonds | 11,774,451 | 11,774,451 | - | |
| Money Market Mutual Fund | 323,180 | 323,180 | - | |
| State of Nevada: | | | | |
| Local Government Investment Pool | 2,079,447 | <u></u> _ | 2,079,447 | |
| Total | \$ 38,184,657 | \$ 36,105,210 | \$ 2,079,447 | |

Investments categorized as Level 1 are valued using prices quoted in active markets for those investments. Investments categorized as Level 2 are valued at fair value based on the observable market prices of the underlying assets held by the pool or fund less liabilities.

At year end, the City had the following investments and maturities:

| | C | | Investme | ent Maturities (in Y | Years) |
|--------------------------|---------------|--------------|---------------|----------------------|------------|
| Investment Type | Fair Value | Less Than 1 | 1-5 | 6-10 | 10+ |
| U.S. Treasuries | \$ 10,306,231 | \$ - | \$ 10,306,231 | \$ - | \$ - |
| U.S. Agencies | 13,701,348 | 3,403,688 | 9,030,747 | 875,419 | 391,494 |
| Corporate Bonds | 11,774,451 | 3,101,344 | 8,673,107 | - | - |
| Money Market Mutual Fund | 323,180 | 323,180 | = | - | - |
| State of Nevada: | | | | | |
| Local Government | | | | | |
| Investment Pool | 2,079,447 | 2,079,447 | | | |
| Total | \$ 38,184,657 | \$ 8,907,659 | \$ 28,010,085 | \$ 875,419 | \$ 391,494 |

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy states that portfolio maturities must be structured to avoid the forced sale of securities in any but the most severe circumstances. To this end, portfolio management procedures will provide for the projection of a "minimum liquidity requirement" for the City's operating fund.

The following procedures will be applied:

- Minimum Liquidity Requirement: This is defined as the total cash flow needed to pay City obligations for a period of four weeks. All securities to be included in the "minimum liquidity requirement" must mature within 28 days.
- Intermediate Market Investment: That portion of City funds remaining after deletion of the "minimum liquidity requirement" may be invested in the intermediate market, defined herein as instruments maturing between zero and ten years.
- No U.S. bonds, debentures, bills, notes, agency obligations or other securities, including those used as collateral for repurchase agreements, may have a maturity date of more than 10 years from the date of purchase. Securities purchased by money managers under the provisions of NRS 355.171 may have a longer stated maturity date.

Credit Risk. Funds invested with the State of Nevada Treasurer in the Local Government Investment Pool may be invested as permitted by Nevada Revised Statutes. City policy does not further restrict these investments. As of June 30, 2016, the City's investments in U.S. Agencies were rated AA- by Standard and Poor's and A1 by Moody's Investors Service. The City's investment in the State of Nevada Local Government Investment Pool is an unrated external investment pool with an average duration of 142 days. The City's investments in corporate bonds were rated as follows:

| | <u>AAA</u> | <u>AA</u> | <u>A</u> | Not Rated |
|---------|-------------|--------------|-------------|-------------|
| Moody's | \$1,811,394 | \$ 1,300,883 | \$2,127,386 | \$6,534,788 |
| S&P | 2,301,082 | 1,673,566 | 1,754,702 | 6,045,101 |

Concentration of Credit Risk. The City's investment policy states that no more than 20% of the total book value of the portfolio will be invested in a single security type with the exception of U.S. Treasury and government agency securities.

At June 30, 2016, the following investments exceeded 5% of the City's total:

| Federal Home Loan Mortgage Corporation | \$4,796,916 | 12.56% |
|--|-------------|--------|
| Federal Home Loan Banks | 4,027,010 | 10.55% |
| Federal National Mortgage Association | 2,868,976 | 7.51% |
| Federal Farm Credit Banks | 2,000,690 | 5.24% |

A reconciliation of cash and investments for the primary government follows:

| Cash on hand Carrying amount of deposits Carrying amount of investments | \$ 7,832 10,332,934 38,184,657 |
|--|--|
| Less: Carrying amount of deposits held for component unit | \$48,525,423 (1,126,272) |
| | <u>\$47,399,151</u> |
| Cash and investments – governmental activities Cash and investments – business-type activities Cash and investments – investment trust fund Cash and investments – OPEB trust fund Cash and investments – agency funds Cash and investments – restricted | \$27,007,171 10,728,916 7,978,333 2,225 580,168 1,102,338 |
| | \$47,399,151 |

The State of Nevada Local Government Investment Pool is an external pool administered by the State Treasurer, with oversight by the State of Nevada Board of Finance. Investment in the Local Government Investment Pool is carried at fair value, which is the same as the value of the pool shares.

Carson City administers an external investment pool combining Carson City money with involuntary investments from the Carson City School District and voluntary investments from the Carson City Other Post-Employment Benefits Trust Fund. Each participant's share is equal to their original investment plus or minus monthly allocation of interest income and realized and unrealized gains and losses. Interest allocation is calculated monthly and is based on the month end cash balances of each fund participating in the pool. The fair value and interest receivable allocations are calculated at year end and are based on the average monthly cash balance of each fund participating in the pool. The determination of realized gains and losses is independent of the determination of the net change in the fair value of investments and realized gains and losses on investments that were held by the governmental entity during a previous accounting period(s) but sold during the current period were used to compute the change in the fair value of investments for the previous year(s) as well as the current year. The participant's share and redemption value are calculated using the same method. The Board of Supervisors has overall responsibility for investment of City funds, including the Investment Trust Fund, in accordance with NRS 355.175. The Carson City Chief Investment Official is the Carson City Treasurer, under authority delegated by the Board of Supervisors. The City has not provided or obtained any legally binding guarantees during the period to support the value of shares. The external investment pool is not registered with the SEC as an investment company.

Summary of investments held in the external investment pool at June 30, 2016:

| Investment Type | Fair Value | Principal Amount Number of Shares | Interest Rate | Maturity |
|----------------------------------|---------------|-----------------------------------|------------------|-----------------------|
| U.S. Treasuries | \$ 10,306,231 | \$ 10,216,000 | 0.66-1.50% | 12/15/2017-10/31/2019 |
| U.S. Agencies | 13,701,348 | 13,587,246 | 0.0-5.5% | 10/21/2016-07/25/2035 |
| Corporate Bonds | 11,774,451 | 10,767,117 | 0.0-5.65% | 02/13/2017-05/17/2021 |

Other Commitments:

On April 1, 1997, the City entered into an agreement with the State of Nevada, Department of Transportation (Highway Agreement No. R159-97-060) to help construct the Carson City Bypass. The City is funding this obligation through a \$.05 increase in the county motor vehicle fuel tax. The City intends to contribute a total of \$19 million plus interest. As of June 30, 2016 the City has contributed \$14,196,189.

In August 2004, the City and the State of Nevada, Department of Transportation (NDOT) added Amendment 1 to the above Agreement. The amendment provides for the following:

- The City shall pay to NDOT an amount of \$15,000,000, with payments beginning upon completion of the funding obligation for Phase I of the freeway as prescribed in Highway Agreement No. R159-97-060 and amended herein, estimated to start in 2011 and finish in 2026. For Phase 2, the City shall pay the tax based on a \$.03 levy in the county motor vehicle fuel tax. The amounts received from the additional \$.02 levy will be used to maintain Carson Street and Fairview Drive as described below.
- It is further agreed that the City will assume ownership and maintenance responsibility for Carson Street from approximately Arrowhead Drive in the north to the intersection of the Carson City Freeway at the Spooner Intersection to the south, upon construction completion to the point when vehicles are using Phase 2.
- The City also agrees to construct Fairview Drive to a minimum of four through lanes with turn lanes, from the terminus of Phase 2A at Fairview Drive to US 395/Carson Street, and to be responsible for maintenance of Fairview Drive.

• NDOT agrees to defer payment by the City of the current \$.05 tax as defined in Highway Agreement No. R159-97-060 from the period beginning July 1, 2005 through June 30, 2008, to allow the City to utilize the payments for the Fairview Drive improvements.

In December 2007, the City and the NDOT added Amendment 2. The amendment provides for the following:

- City agreed to assume ownership and maintenance responsibility of additional State streets in lieu of remaining payment due for Phase 1 in the amount of \$4.8 million dollars.
- Deferred payment of \$.03 tax to July 1, 2009, to allow construction of Fairview Drive.

In 2009, the City and the NDOT added Amendment 3. The amendment provides for the following:

- City agreed to take additional State streets for maintenance and forego pavement rehabilitation by NDOT of Carson Street in lieu of a portion of the remaining payment due for Phase 2 in the amount of \$7.9 million dollars.
- Deferred \$.03 tax payments for remaining \$7.1 million until completion of Phase 2B.

On August 10, 2016 the City and the NDOT added Amendment 4. The amendment provides for the following:

- Clarification that the portions of Snyder Avenue and S. Carson Street (including associated Frontage Road) would be relinquished to the City as previously agreed upon following completion and opening to traffic of Phase 2B-3 of the freeway (expected in 2017).
- NDOT shall pay Carson City a sum not to exceed \$5.1 million for improvements to include a Complete Streets Project within the relinquished State highways area, which Carson City agrees to have under construction by the end of 2019.
- Clarification of the deferred \$.03 tax payments for the remaining \$7.1 million was included which states that tax payments are deferred until the completion of Phase 2B, including the completion of the interchange at Carson Street/U.S. Highway 50 West at the southern terminus of the Carson City Freeway, (known as Phase 2B-4).

As of June 30, 2016, Phase 2B-4 had not yet been initiated or programmed by the Nevada Department of Transportation and, as such, the \$.03 tax payments mentioned above remain deferred.

Discretely presented component units

Activity for the Airport Authority for the year ended June 30, 2016 was as follows:

C. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The composition of interfund balances as of June 30, 2016, is as follows:

Due to/from other funds:

| Receivable Fund | Payable Fund | Amount |
|-----------------------------|-----------------------------|-----------|
| Nonmajor governmental funds | Nonmajor governmental funds | \$329,806 |

The above interfund balances at June 30, 2016 are generally short-term loans to cover temporary cash deficits in various funds. They are expected to be repaid in the next fiscal year.

Due to/from primary government and component units:

| Receivable Fund | Payable Fund | Amount |
|------------------------------------|-----------------------------------|------------|
| Component unit – Airport Authority | Primary government – General Fund | \$ 216,154 |

Interfund transfers:

| | Transfers In: | | | | |
|------------------------------|---------------|----------|------------|--------------|--------------|
| | | Internal | Nonmajor | Nonmajor | |
| | General | Service | Enterprise | Governmental | |
| <u>Transfers out</u> : | Fund | Funds | Funds | Funds | Total |
| General Fund | \$ - | \$ - | \$390,000 | \$4,743,208 | \$5,133,208 |
| Nonmajor Governmental Funds | 573,608 | - | - | 6,602,248 | 7,175,856 |
| Nonmajor Enterprise Funds | | 31,020 | - | - | 31,020 |
| Total Transfers | \$573,608 | \$31,020 | \$ 390,000 | \$11,345,456 | \$12,340,084 |

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

D. LONG-TERM DEBT

General Obligation Bonds. The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities. In addition, general obligation bonds have been issued to refund general obligation bonds.

General obligation bonds are direct obligations and pledge the full faith and credit of the City. These bonds generally are issued as serial bonds with equal amounts of principal maturing each year. Governmental-type general obligation bonds issued during the year include \$15,410,000 General Obligation (Limited Tax) Capital Improvement Refunding Bonds, proceeds were used to refund the remaining 2005 series of Capital Improvement Bonds.

Business-type general obligation bonds through the State of Nevada revolving loan program were authorized on July 10, 2015 up to the amounts of \$12,000,000 Sewer Bonds. At June 30, 2016 amounts drawn and payable are \$67,018. General obligation revenue bonds through the State of Nevada revolving loan program were issued to finance capital improvement projects for the City's public sewer system. On August 3, 2015 the City issued General Obligation Sewer and Refunding Bonds series 2015B in the amount of \$6,245,000. \$6,000,000 of proceeds are to be used to finance capital improvement projects for the City's public sewer system, and \$245,000 of the proceeds were used to refund the final payment of the 2005B Stormwater Drainage Refunding Bonds. General obligation bonds currently outstanding are as follows:

| Purpose | Interest Rates | _ | Amount |
|--------------------------------------|----------------|----|------------|
| Governmental activities | 3.00-5.00% | \$ | 13,600,000 |
| Governmental activities - refunding | 2.00-5.00% | | 49,775,000 |
| Business-type activities | 0.0-6.662% | | 59,158,055 |
| Business-type activities - refunding | 2.0-4.500% | | 26,241,000 |

Revenue Bonds. The City also issues bonds where the City pledges income derived from the acquired or constructed assets to pay debt service. On August 3, 2015 the City issued Highway Revenue (Motor Vehicle Fuel Tax) Refunding Bonds Series 2015 in the amount of \$6,170,000, proceeds were used to refund the 2010 Highway Revenue Bonds. Revenue bonds outstanding at year end are as follows:

| Purpose | Interest Rates | Amount |
|--------------------------|----------------|---------------|
| Governmental activities: | | |
| Regional Transportation | 2.37-5.00% | \$ 15,970,500 |

Notes Payable. The City issues notes to provide funds for open space, various improvements, and vehicles and to refund Redevelopment debt. Notes payable outstanding at year end are as follows:

| Purpose | Interest Rates | Amount |
|---------------------------------|----------------|------------|
| Governmental activities: | | |
| Capital Projects | 1.880% | \$ 226,900 |
| Installment purchase agreement | 2.650% | 969,400 |
| Landfill capital equipment | 2.230% | 1,416,000 |
| 911 Surcharge capital equipment | 2.230% | 749,000 |
| Business-type activities: | | |
| Stormwater Drainage | 1.880% | 361,900 |
| Sewer | 1.880% | 728,900 |

Pledged Revenues. The City has pledged specific revenues to repay bonds in governmental and business-type activities.

Governmental activities

The City has pledged 15% of the Consolidated tax revenue receipts for the repayment of various General Obligation Revenue bonds consisting of the Refunding Bonds series 2010, Medium Term Capital Improvement Bonds series 2012, 2013 Installment Purchase Agreement, Refunding Bonds Series 2013A, Medium Term Landfill Capital Acquisition Bonds Series 2014, Medium Term 911 Surcharge Capital Acquisition Bonds Series 2014 and the Refunding Capital Improvement Bonds Series 2015C. The total principal and interest remaining to be paid on the bonds is \$45,921,123 payable through fiscal year 2033. For the current year, principal and interest paid for the bonds totaled \$3,267,436 and pledged revenues totaled \$3,727,030.

The City has pledged future 1/4 cent voter approved (Quality of Life) sales tax revenues to repay \$10,549,300 in Park Bonds Series 2005, Parks Refunding Bonds Series 2010, Parks Medium Term Refunding Bonds Series 2012, and Parks Refunding Bonds Series 2013C. Proceeds of the bonds provided financing for new parks facilities, to purchase open space and to improve and equip current parks facilities. The bonds are intended to be paid solely from the 1/4 cent tax revenues and are payable through fiscal year 2030. Annual principal and interest payments on the bonds are expected to require 27% of the pledged revenues. The total principal and interest remaining to be paid on the bonds is \$8,900,996. For the current year, principal and interest paid for the bonds totaled \$647,537 and pledged revenues totaled \$2,363,277.

The City has pledged future 1/8 cent sales tax revenues (NRS 377B), to repay \$15,000,000 in V&T Historical Bonds Series 2005 and \$8,400,000 General Obligation V&T Historical Refunding Bonds Series 2014E. The bonds are intended to be paid solely from the 1/8 cent tax revenues and are payable through fiscal year 2026. Annual principal and interest payments on the bonds are expected to require 89% of the pledged revenues. The total principal and interest remaining to be paid on the bonds is \$10,427,025. For the current year, principal and interest paid for the bonds totaled \$1,053,850 and pledged revenues totaled \$1,181,643.

The City has pledged future 1/8 cent sales tax revenue (NRS 377B), to repay \$13,600,000 in General Obligation Infrastructure Sales Tax Bonds 2014F. The bonds are intended to be paid solely from the 1/8 cent tax revenues and are payable through fiscal year Fiscal Year 2045. Annual principal and interest payments on the bonds are expected to require 53% of the pledged revenues. The total principal and interest remaining to be paid on the bonds is \$22,477,450. For the current year, principal and interest paid for the bonds totaled \$623,845, and pledged revenues totaled \$1,176,414.

The City has pledged room tax to repay \$3,350,000 in Room Tax Refunding Revenue Supported Bonds. The bonds are intended to be paid solely from room tax and are payable through fiscal year 2023. Annual principal and interest payments on the bonds are expected to require 23% of the pledged revenues. The total principal and interest remaining to be paid on the bonds is \$2,723,005. For the current year, principal and interest paid for the bonds totaled \$348,455 and pledged revenues totaled \$1,516,898.

The City has pledged motor vehicle fuel tax revenues to repay \$9,055,000 in Highway Revenue (Motor Vehicle Fuel Tax) Improvement Bonds Series 2008, and \$3,332,300 in Refunding Highway Revenue (Motor Vehicle Fuel Tax) Subordinate Lien Refunding Bonds Series 2012, and \$6,170,000 in Refunding Highway Revenue (Motor Vehicle Fuel Tax) Subordinate Lien Improvement Bonds Series 2015. The bonds are secured solely from motor vehicle fuel tax and are payable through

fiscal year 2030. Annual principal and interest payments on the bonds are expected to require 57% of the pledged revenues. The total principal and interest remaining to be paid on the bonds is \$20,862,445. For the current year, principal and interest paid for the bonds totaled \$1,585,283 and pledged revenues totaled \$2,796,392.

Business-type activities

The City has pledged future sewer utility customer revenues, connection fees and investment earnings, net of specified operating expenses to repay \$30,439,783 in sewer utility system general obligation revenue bonds issued between fiscal years 1995 and 2015. Sewer State Revolving Fund Bonds issued April 4, 2014 totaled \$22,865,000 are not fully drawn down, as of June 30, 2016 only \$6,902,907 was drawn, in addition Sewer State Revolving Fund Bonds issued July 10, 2015 totaled \$12,000,000 are not fully drawn down, as of June 30, 2016 only \$67,018 was drawn. Proceeds from the bonds provided financing for expansion of, and improvements to, the sewer utility system. The bonds are intended to be paid solely from utility customer net revenues and are payable through fiscal year 2035. Annual principal and interest payments on the bonds are expected to require as much as 100% of the utility's net revenues. The total principal and interest remaining to be paid on the bonds is \$28,303,557. For the current year, principal and interest paid for the bonds totaled \$2,463,658 and net pledged revenues totaled \$5,974,374.

The City has pledged future water utility customer revenues and connection fees and investment earnings, net of specified operating expenses to repay \$68,315,545 in water utility system general obligation revenue bonds issued between fiscal years 1998 and 2014. Water State Revolving Fund Bonds issued April 4, 2014 totaled \$6,000,000 are not fully drawn down, as of June 30, 2016 only \$5,168,545 was drawn. Proceeds from the bonds provided financing for expansion of, and improvements to, the water utility system. The bonds are intended to be paid solely from utility customer net revenues and are payable through fiscal year 2040. Annual principal and interest payments on the bonds are expected to require as much as 100% of the utility's net revenues. The total principal and interest remaining to be paid on the bonds is \$82,434,730. For the current year, principal and interest paid for the bonds totaled \$5,170,100 and net pledged revenues totaled \$5,757,085.

The City has pledged future storm drainage utility customer revenues and connection fees and investment earnings, net of specified operating expenses to repay \$4,122,883 in storm drainage utility system general obligation revenue bonds issued between fiscal years 2005 and 2014. Stormwater State Revolving Fund Bonds issued April 4, 2014 totaled \$1,885,000 are not fully drawn down, as of June 30, 2016 only \$656,883 was drawn. Proceeds from the bonds provided financing for expansion of, and improvements to, the storm drainage utility system. The bonds are intended to be paid solely from utility customer net revenues and are payable through fiscal year 2034. Annual principal and interest payments on the bonds are expected to require as much as 100% of the utility's net revenues. The total principal and interest remaining to be paid on the bonds is \$5,156,760. For the current year, principal and interest paid for the bonds totaled \$551,559 and net pledged revenues totaled \$702,409.

Capital Leases. The City has entered into lease agreements as lessee for financing the acquisition of office equipment. The net present value of minimum lease payments at year end was \$10,181 to be paid in full in 2021.

The assets acquired through capital lease are as follows:

| | Governmental <u>Activities</u> |
|---|--------------------------------|
| Asset: Machinery and equipment Less: Accumulated depreciation | \$ 10,300 (172) |
| Total | \$ 10,128 |

Compensated Absences. The compensated absences liability attributable to governmental activities is liquidated primarily by the General Fund.

Advanced Refundings. During the year ended June 30, 2016 the City had the following advanced refundings:

On August 3, 2015, the City issued \$6,245,000 of General Obligation (Limited Tax) Sewer Refunding Bonds (Additionally Secured by Pledged Revenues) Series 2015B to provide resources for capital improvements and to purchase U.S. Government State and Local Government Series securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of \$290,000 of Stormwater Bonds. The refunding was undertaken to refund the "General Obligation (Limited Tax) Stormwater Drainage Bonds (Additionally Secured by Pledged Revenue) Series 2005B" maturing on June 1, 2016. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the Government Wide Statement of Net Position. The reacquisition price exceeded the net carrying amount of the old debt by \$1,998. This amount is being netted against the new debt and amortized over the remaining life of the new debt, which is the same as the old debt. The advanced refunding resulted in a decrease in total debt service payments over the current fiscal year of \$5,954. The total amount of the outstanding debt defeased and placed in an irrevocable trust at August 3, 2015 was \$291,998.

On August 3, 2015, the City issued \$15,410,000 of General Obligation (Limited Tax) Capital Improvement Refunding Bonds (Additionally Secured by Pledged Revenues) Series 2015C to provide resources to purchase U.S. Government State and Local Government Series securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of \$16,630,000 of Capital Improvement Bonds. The refunding was undertaken to refund the "General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenue) Series 2005A" maturing on May 1, 2033. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the Government Wide Statement of Net Position. The reacquisition price exceeded the net carrying amount of the old debt by \$383,168, reduced by the unamortized premiums and partially refunded losses on the refunded debt of \$109,432, totals \$273,736. This amount is being netted against the new debt and amortized over the remaining life of the new debt, which is the same as the old debt. The advanced refunding resulted in a decrease in total debt service payments over the next seventeen years of \$1,417,033 and an economic gain of \$1,250,899. The total amount of the outstanding debt defeased and placed in an irrevocable trust at August 3, 2015 was \$17,013,168.

On August 3, 2015, the City issued \$6,170,000 of Highway Revenue (Motor Vehicle Fuel Tax) Refunding Bonds, Series 2015 to provide resources to purchase U.S. Government State and Local Government Series securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of \$6,390,000 of Highway Revenue Bonds. The refunding was undertaken to refund the "Highway Revenue (Motor Vehicle Fuel Tax), Series 2010" maturing on November 1, 2029. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the Government Wide Statement of Net Position. The reacquisition price exceeded the net carrying amount of the old debt by \$298,415. This amount is being netted against the new debt and amortized over the remaining life of the new debt, which is the same as the old debt. The advanced refunding resulted in a decrease in total debt service payments over the next thirteen years of \$912,309 and an economic gain of \$731,946. The total amount of the outstanding debt defeased and placed in an irrevocable trust at August 3, 2015 was \$6,688,415.

Conduit Debt. On March 4, 2002, October 1, 2003, and October 27, 2005, the City issued \$45,185,000, \$95,000,000, and \$15,000,000, respectively, in revenue bonds for Carson-Tahoe Regional Healthcare, a non-profit corporation. As of September 1, 2012 the City issued \$52,930,000 in Hospital Revenue Refunding Bonds (Carson Tahoe Regional HealthCare Project) Series 2012 for the sole purpose of refunding \$20,180,000 of the March 4, 2002 Hospital Revenue Bonds (Carson-Tahoe Hospital Project) Series 2002 and \$39,035,000 of the October 1, 2003 Hospital Revenue Bonds (Carson-Tahoe Hospital Project) Series 2003A. The bonds issued pursuant to NRS Chapter 268, are not obligations of the City, nor shall they ever constitute a debt of the City and therefore have been excluded from the City's financial statements. The principal balance outstanding at June 30, 2016 was \$99,135,000.

Changes in long-term liabilities. Long-term liability activity of the primary government for the year ended June 30, 2016, was as follows:

| 2037-2041 | 4,855,002 | 620,121 | - | - | | | |
| 2042-2045 | | | | | | | |
| Total | \$ 85,399,055 | \$ 29,343,950 | \$ 1,090,800 | \$ 61,244 | | | |

E. RESTRICTED ASSETS

The balances of the City's restricted asset accounts in the governmental funds are as follows:

| | General | Commissary | Total |
|---------------------|-------------|------------|-------------|
| Funds held in trust | \$1,050,599 | \$ 51,739 | \$1,102,338 |

F. FUND BALANCES/NET POSITION

Government-wide Financial Statements. The government-wide Statement of Net Position utilizes a proprietary presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

Restricted resources have externally imposed (statutory, bond covenant, contract or grant) limitations on their use. Restricted resources are classified either by function, debt service, capital projects, or claims. Resources restricted by function relate to net resources of governmental and enterprise funds whose use is legally limited by outside parties for a specific purpose. Restrictions for debt service represent resources legally restricted by State Statute or bond covenants for future debt service requirements of both principal and interest. Amounts restricted for capital projects consist of unspent grants, donations, and debt proceeds with third party restrictions for use on specific projects or programs. Net position restricted for claims represents the amount legally required to be held for payment of future claims in the workers compensation fund and insurance fund. The government-wide Statement of Net Position reports \$13,049,482 of restricted net resources, all of which is externally imposed.

Unrestricted net position represents available financial resources of the City.

Fund Financial Statements. Governmental fund balances are classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed on the use of the resources of the funds.

| | Seneral Fund | Gove | Other rnmental unds | Total vernmental Funds |
|--------------------|-----------------|------|---------------------------|----------------------------------|
| Fund Balances | | | | |
| Nonspendable: | | | | |

NOTE 4 - OTHER INFORMATION

A. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. General liability insurance has a \$1,000,000 maximum coverage per occurrence, \$1,000,000 personal injury, and a \$2,000,000 general aggregate maximum benefit, with a self insured retention of \$100,000 per occurrence, with an annual aggregate retention of \$500,000. For property insurance, the policy limit is \$210,000,000 with a deductible of \$25,000 per occurrence. The earth movement policy limit is \$50,000,000 with a deductible of 2% per unit of insurance or \$100,000 minimum per location. The flood property policy limit is \$50,000,000 with a deductible of \$100,000 per location. The flood property – high hazard zone policy limit is \$5,000,000 with a \$250,000 per occurrence deductible. Other coverage currently held by the City, including airport liability, auto physical damage, boiler and machinery and bonds on public officials, are insured without a deductible.

As of July 1, 2010, the City formed its own self-insured workers compensation program. This program exposes the City to various risks of loss related to large claims based on the health of their work force; therefore, an excess loss policy provides coverage. Statutory limits for worker's compensation coverage are \$1,000,000 for employer's liability limits with self-insured retentions of \$2,000,000 for police and fire employees and \$750,000 for all other employees, per accident. The City's total net position of the Worker's Compensation Fund was \$1,310,538 at June 30, 2016.

Liabilities are reported when it is probable that a loss has occurred and the amount of loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). Claims liabilities are calculated considering the effects of inflation, recent claim settlement trends, including frequency and amount of payouts, and other economic and social factors.

The liabilities for claims and judgments are reported in the Workers' Compensation and Insurance Funds. Changes in the balances of claims liabilities during the past two years are as follows:

| | Current | Long-Term | Totals | | |
|--|--|----------------------|--|--|--|
| | <u>Portion</u> | Portion | 2016 | 2015 | |
| Unpaid claims, beginning of fiscal year Claims and changes in estimates Claim payments | \$ 804,086 1,611,369 (1,689,576) | \$ 46,172 976,561 | \$ 850,258 2,587,930 (1,689,576) | \$ 607,241 1,427,140 (1,184,123) | |
| Unpaid claims, end of fiscal year | \$ 725,879 | \$1,022,733 | \$ 1,748,612 | <u>\$ 850,258</u> | |

Settlements have not exceeded coverages in any of the past three fiscal years.

B. LANDFILL CLOSURE AND POSTCLOSURE COSTS

The City operates a Municipal Solid Waste Landfill. The operation of this landfill is regulated by both federal and state governments under Subtitle D (40 CFR Part 258) and NRS 444.556. Recognition of liability for closure and post closure care costs is based on landfill capacity used to date. This liability at June 30, 2016, \$3,631,790 is reported in governmental activities. It is estimated that the landfill will be used for an additional fifty years and that at June 30, 2016, approximately 40.14% of its capacity had been utilized. The City passes the EPA "financial assurance test" for local governments, and will self-assure payment for its obligations for closure, post closure, and corrective care costs. The estimated total current cost of closure and post closure care, \$9,047,808 has been calculated in 2016 dollars in accordance with current federal and state regulations and will be adjusted each year for changes resulting from inflation, deflation or technology.

C. CONTINGENT LIABILITIES

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not determinable, it is the opinion of the District Attorney, the City's counsel, that resolution of these matters will not have a material adverse effect on the financial condition of the City.

D. OTHER POSTEMPLOYMENT BENEFITS (OPEB)

From an accrual accounting perspective, the cost of postemployment healthcare and life insurance benefits, like the cost of pension benefits, generally should be associated with the periods in which the cost occurs, rather than in the future when it will be paid. The City recognizes the cost of postemployment healthcare and life insurance in the year when the employee services are received, reports the accumulated liability from prior years, and provides information useful in assessing potential demands on the City's future cash flows.

Plan Descriptions. The City contributes to a single-employer defined benefit healthcare and life insurance plan, the City's Retiree Subsidy Plan (City's Plan), and an agent multiple-employer defined healthcare plan, State of Nevada Public Employees' Benefits Program (PEBP). Both plans provide medical, dental, vision, accidental death and dismemberment, and life insurance benefits to eligible retired City employees and beneficiaries.

Benefit provisions for the City's Plan are established pursuant to NRS 287.023 and amended through Board resolution and contracts between the City and the various bargaining units. The City explicitly subsidizes the healthcare premiums pursuant to the City's Plan and contracts negotiated with various bargaining units. The City currently contributes toward the cost of coverage as follows:

- Firefighters who retire under Nevada PERS after July 1, 2002, sheriff's department employees who retire under Nevada PERS after June 30, 2010, and Carson City Employee Association (CCEA Classified Employees) who retire under Nevada PERS after July 1, 2013, at age 47 or older and with 20 or more years of service receive a percentage of the medical, dental, vision and life insurance premiums for themselves and their dependents. The City pays 90% of the retiree group health premium until age 65, then 50% of the retiree's Medicare supplement medical premium. The City pays 50% of dependent coverage until age 65, then 25% of the dependent's Medicare supplement medical premium.
- Unclassified Employees who retire under Nevada PERS after July 1, 2013, at age 47 or older and with 15 or more years of service receive a percentage of their medical, dental, vision and life insurance premiums for themselves and their dependents. If an employee has more than 15 years of service, the City pays 75% of the retiree group health premiums and 25% of their dependent's premium. Employees with over 20 years of service the City pays 90% of the retiree group health premiums and 50% of their dependent's premium. Once the retiree reaches age 65, the City pays 50% of the retiree's and 25% of their dependent's supplement medical premium.
- Employees that retired from the City prior to the above contract changes who had at least 10 years of service (including firefighters and sheriff's department retirees not yet eligible or not qualifying for the benefits above) received a subsidy of \$6 per month for each year of service toward the cost of their coverage. Retirees were allowed to elect to continue coverage for their spouse and other eligible dependents, however, had to do so entirely at their expense.

Under state law, retiree loss experience is pooled with active loss experience for the purposes of setting rates in the City's Plan. The difference between the true claims cost and the blended premium is an implicit rate subsidy that creates an OPEB obligation for the City.

The City serves as a secondary carrier for retirees eligible for Medicare. Expenditures for post-employment healthcare and life insurance are recognized each month when premiums are paid. A summary of the premium rates for the City's Plan, as of July 1, 2015, are shown below:

| Retirees Without Medicare | НМО | POS (In Area) | PPO (Out of Area) |
|--|-----------|---------------|-------------------|
| Retiree | \$ 568.01 | \$ 628.70 | \$ 775.42 |
| Retiree & spouse/both without Medicare | 1,122.39 | 1,246.81 | 1,547.65 |
| Retiree & spouse 1 without Medicare | 1,018.38 | 1,127.23 | 1,390.39 |
| Retiree & children without Medicare | 1,076.53 | 1,192.96 | 1,474.49 |
| Retiree & family/both without Medicare | 1,717.80 | 1,907.97 | 2,367.75 |
| Retiree & family/1 without Medicare | 1,254.52 | 1,375.28 | 1,667.28 |

| Retirees With Medicare | HMO | POS (In Area) | PPO (Out of Area) |
|-------------------------------------|-----------|---------------|-------------------|
| Retiree | \$ 435.03 | \$ 475.80 | \$ 574.35 |
| Retiree & spouse/both with Medicare | 876.30 | 963.86 | 1,175.56 |
| Retiree & spouse 1 with Medicare | 1,018.38 | 1,127.23 | 1,390.39 |
| Retiree & children with Medicare | 1,068.20 | 1,183.39 | 1,461.90 |
| Retiree & family/both with Medicare | 1,099.75 | 1,197.34 | 1,433.26 |
| Retiree & family/1 with Medicare | 1,254.52 | 1,375.28 | 1,667.28 |

The NPEBP Master Plan Document can be obtained by writing to the Nevada Public Employees' Medical Program, 901 South Stewart Street, Suite 1001, Carson City, NV 89701.

Benefit provisions for PEBP are established pursuant to NRS 287.023 and are subject to amendment by the State of Nevada each biennium. Pursuant to NRS 287.023 (as amended during the 2007 session of the Nevada Legislature), through November 29, 2008, retirees had the option to participate in the City's Plan for post-employment healthcare and life insurance benefits or to join PEBP offered by the State of Nevada. However, subsequent to November 29, 2008, retirees no longer have the option of joining PEBP, yet still retain the option to participate in the City's Plan. Local governments are required to pay the same portion of cost of coverage for those persons joining PEBP that the State of Nevada pays for those persons retired from state service who have continued to participate in the plan.

The City is required to provide a subsidy for their retirees that have elected to join PEBP. The subsidy is paid on the pay-as-you-go basis. Contribution requirements for plan members and the participating employers are assessed by the PEBP Board annually. The contributions required for PEBP subsidies depend on the date of retirement of prior years of PERS service for employees earned while working for the City. These subsidies are then allocated and billed to all applicable former employers of the retiree. The City's portion of the monthly subsidies ranged from \$0.68 to \$772.11 during the 2016 fiscal year.

Funding Policy and Annual OPEB Cost. The City funded the annual OPEB cost on a pay as you go basis for both plans; however as of July 1, 2015 the Board of Supervisors established the Carson City Other Post-Employment Benefits Trust Fund. The City intends to fund the Trust annually at a rate of approximately 1% of covered payroll, over normal costs. The net OPEB obligation attributable to governmental activities is liquidated primarily by the General Fund.

The City's actuarial valuation for the plans was prepared from employee and retiree data as of June 30, 2015. The City engaged the original actuary to incorporate the July 1, 2014 benefit changes into the fiscal year ended June 30, 2015 OPEB estimate. Demographic data did not significantly change, so a full valuation was not deemed necessary. The number of participants as of June 30, 2015, the effective date of the OPEB valuation, is as follows:

| | City Plan | PEBP Plan |
|--------------------------------|-----------|-----------|
| Active employees | 523 | - |
| Retirees enrolled in City Plan | 122 | - |
| Retirees enrolled in PEBP | - | 191 |

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plans, and the net OPEB obligations (assets), by plan, for fiscal year 2015-2016 and the two preceding years were as follows:

| | | | | Percentage of | Net OPEB |
|-----------|-------------|--------------|---------------|------------------|--------------|
| | Fiscal Year | Annual OPEB | Employer | Annual OPEB | Obligation |
| | Ended | Cost | Contributions | Cost Contributed | (Asset) |
| City Plan | 6/30/14 | \$ 5,171,110 | \$ 574,480 | 11.11% | \$15,407,540 |
| City Plan | 6/30/15 | \$ 4,436,073 | \$ 749,055 | 16.89% | \$19,094,558 |
| City Plan | 6/30/16 | \$ 4,797,397 | \$ 1,641,533 | 34.22% | \$22,250,422 |
| | | | | | |
| PEBP | 6/30/14 | \$ 568,504 | \$ 475,732 | 83.68% | \$ (66,511) |
| PEBP | 6/30/15 | \$ 449,893 | \$ 425,328 | 94.54% | \$ (41,946) |
| PEBP | 6/30/16 | \$ 451,976 | \$ 411,420 | 91.03% | \$ (1,390) |
| | | | | | |
| Totals | 6/30/14 | \$ 5,739,614 | \$ 1,050,212 | 18.30% | \$15,341,029 |
| Totals | 6/30/15 | \$ 4,885,966 | \$ 1,174,383 | 24.04% | \$19,052,612 |
| Totals | 6/30/16 | \$ 5,249,373 | \$ 2,052,953 | 39.11% | \$22,249,032 |

The net OPEB obligation (asset) as of June 30, 2016, was calculated as follows:

| | City Plan | PEBP Plan | Totals |
|--|---------------|------------|---------------|
| Normal Cost (Current Service Cost) | \$ 2,737,830 | \$ - | \$ 2,774,548 |
| Amortization of unfunded actuarial accrued | | | |
| liability | 2,054,621 | 450,831 | 2,468,734 |
| Total Annual Required Contribution (ARC | | | |
| or Annual OPEB cost) | \$ 4,792,451 | 450,831 | 5,243,282 |
| Interest on the beginning net OPEB | | | |
| obligation (asset) | 763,782 | (1,678) | 762,104 |
| ARC adjustment | (758,836) | 2,823 | (756,013) |
| Annual OPEB cost | 4,797,397 | 451,976 | 5,249,373 |
| Contributions made | (1,641,533) | (411,420) | (2,052,953) |
| Increase (decrease) in net OPEB obligation | | | |
| (asset) | 3,155,864 | 40,556 | 3,196,420 |
| Net OPEB obligation (asset), beginning of | | | |
| year | 19,094,558 | (41,946) | 19,052,612 |
| Net OPEB obligation (asset), end of year | \$ 22,250,422 | \$ (1,390) | \$ 22,249,032 |

Funded Status and Funding Progress. The funded status of the plans as of the latest actuarial valuation date of June 30, 2015, as updated through June 30, 2016, was as follows:

| | City Plan | PEBP Plan | Totals |
|---------------------------------------|---------------|--------------|---------------|
| Accrued actuarial liability (a) | \$ 53,768,353 | \$ 6,965,844 | \$ 59,773,303 |
| Actuarial value of plan assets (b) | - | = | - |
| Unfunded actuarial accrued | | | |
| Liability (a) - (b) | \$ 53,768,353 | \$ 6,965,844 | \$ 59,773,303 |
| Funded ratio (b) / (a) | 0% | 0% | 0% |
| Covered payroll (c) | \$ 33,369,230 | N/A | N/A |
| Unfunded actuarial accrued | | | |
| liability as a percentage of | | | |
| covered payroll $([(a) - (b)] / (c))$ | 161.13% | N/A | N/A |

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of the events in the future. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions. Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefits between the City and the plan members at that point. Actuarial calculations reflect long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions were as follows:

| | City Plan | PEBP Plan |
|--------------------------------|-------------------------|-----------------------|
| Actuarial valuation date | 6/30/15 | 6/30/15 |
| Actuarial cost method | Entry age normal cost | Entry age normal cost |
| Amortization method | Level percentage of pay | Level dollar |
| Remaining amortization period | 30 years, open | 24 years, closed |
| Asset valuation method | N/A | N/A |
| Actuarial assumptions: | | |
| Investment rate of return | 4.0% | 4.0% |
| Inflation rate | 2.75% | 2.75% |
| Projected salary increases | 4.0% | 4.0% |
| Healthcare inflation rate | Medical – 7.5% * | Medical – 7.5% * |
| * Medical – decreasing 0.5% | | |
| each year until ultimate trend | | |
| rate of 5% is reached. | | |

Carson City OPEB Trust Fund. Complete financial statements for the trust may be obtained at City of Carson City, Finance Department, 201 North Carson Street, Suite #3, Carson City, NV 89701.

E. DEFINED BENEFIT PENSION PLAN

Plan Description. Carson City contributes to the Public Employees' Retirement System of the State of Nevada (PERS) and Judicial Retirement System of the State of Nevada (JRS). PERS and JRS administer cost-sharing, multiple-employer, defined benefit public employees' retirement systems, PERS includes both Regular and Police/Fire members, and JRS includes only Justices of the peace and municipal judges. PERS was established by the Nevada Legislature in 1947, effective July 1, 1948. PERS is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability. JRS was established in 2001 by the Nevada Legislature (NRS 1A.160) and is governed by the Public Employees' Retirement Board.

Benefits Provided. Benefits, as required by the Nevada Revised Statutes (NRS or statute), are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering PERS on or after January 1, 2010. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this multiplier is 2.67% of average compensation. For members entering PERS and JRS on or after January 1, 2010, there is a 2.5% multiplier. PERS offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575 - .579.

Vesting. Regular members are eligible for retirement at age 65 with five years of service, at age 60 with 10 years of service, or at any age with thirty years of service. Regular members entering PERS on or after January 1, 2010, are eligible for retirement at age 65 with five years of service, at age 62 with 10 years of service, or any age with thirty years of service. Police/Fire members are eligible for retirement at age 65 with five years of service, at age 55 with ten years of service, at age 50 with twenty years of service, or at any age with twenty-five years of service, at age 60 with ten years of service, at age 50 with twenty years of service, or at any age with thirty years of service, at age 60 with ten years of service, at age 50 with twenty years of service, or at any age with thirty years of service. Only service performed in a position as a police officer or firefighter may be counted towards eligibility for retirement as Police/Fire accredited service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation for PERS and JRS. However, a PERS member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Both Regular and Police/Fire members become fully vested as to benefits upon completion of five years of service.

Contributions. The authority for establishing and amending the obligation to make contributions and member contribution rates, is set by statute. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two contribution plans. Contributions are shared equally by employer and employee. Employees can take a reduced salary and have contributions made by the employer (EPC) or can make contributions by a payroll deduction matched by the employer.

PERS' and JRS' basic funding policies provide for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

PERS and JRS receives an actuarial valuation on an annual basis indicating the contribution rates required to fund PERS and JRS on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421, NRS 286.450 and NRS 1A.180(1).

The actuary funding method used is the Entry Age Normal Cost Method. It is intended to meet the funding objective and result in a relatively level long-term contribution requirement as a percentage of salary.

For the fiscal year ended June 30, 2015 the Statutory Employer/employee matching rate was 13.25% for Regular and 20.75% for Police/Fire. The Employer-pay contribution (EPC) rate was 25.75% for Regular and 40.50% for Police/Fire. For the fiscal year ended June 30, 2016 the Statutory Employer/employee matching rate was 14.50% for Regular and 20.75% for Police/Fire. The Employer-pay contributions (EPC) rate was 28% for Regular and 40.5% for Police/Fire. For the fiscal years ended June 30, 2015 and June 30, 2016 the Statutory Employer-pay contributions (EPC) rate was 15.25% for justices of the peace and other municipal judges.

The City's contributions were \$11,099,260 and \$10,302,384 for the years ended June 30, 2016 and 2015, respectively.

PERS Investment Policy. PERS' policies which determine the investment portfolio target asset allocation are established by the PERS Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of the System.

The following was the PERS Board adopted policy target asset allocation as of June 30, 2015:

| | | PERS Long-Term | | JRS Long-Term |
|-----------------------|------------|--------------------|------------|--------------------|
| | PERS | Geometric | | Geometric |
| | Target | Expected Real Rate | JRS Target | Expected Real Rate |
| Asset Class | Allocation | of Return | Allocation | of Return |
| Domestic Equity | 42% | 5.50% | 49% | 5.50% |
| International Equity | 18% | 5.75% | 21% | 5.75% |
| Domestic Fixed Income | 30% | 0.25% | 30% | 0.25% |
| Private Markets | 10% | 6.80% | 0% | 0.00% |

As of June 30, 2015, PERS' and JRS' long-term inflation assumption was 3.5%.

Net Pension Liability. At June 30, 2016, the City reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's allocation percentage of the net pension liability was based on the City's total contributions due on wages paid during the measurement period. The City's proportion of the net pension liability is based on its combined employer and member contributions relative to the total combined employer and member contributions for all employers participating in PERS and JRS for the period ended June 30, 2015. At June 30, 2015, the City's proportion of PERS was 0.72675%, including Carson Convention and Visitors Bureau (A Component Unit of Carson City) and the Carson City Water Sub-Conservancy District (An Agency Fund of Carson City). Once these external entities were removed, Carson City's proportion is 0.71758%, which is an increase of .00553 from its proportion measured as of June 30, 2014. At June 30, 2015, the City's proportion of JRS was .28381%, which was an increase of 0.0032 from its proportion measured as of June 30, 2014.

Pension Liability Discount Rate Sensitivity. The following presents the net pension liability of the City as of June 30, 2015, calculated using the discount rate of 8.00%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (7.00%) or 1-percentage-point higher (9.00%) than the current discount rate:

| | 1% Decrease in | Discount Rate | 1% Increase in |
|----------------------------|----------------|---------------|----------------|
| | Discount Rate | (8.00%) | Discount Rate |
| | (7.00%) | | (9.00%) |
| PERS Net Pension Liability | \$125,303,304 | \$82,230,821 | \$46,413,043 |
| JRS Net Pension Liability | 97,976 | 59,219 | 26,415 |

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the PERS and JRS Comprehensive Annual Financial Report, available on the PERS website or may be obtained from the Public Employees' Retirement System, 693 West Nye Lane, Carson City, Nevada 89703.

Actuarial Assumptions. The City's net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation Rate | 3.50% |
|----------------------------|---|
| Payroll Growth | 5.00% including inflation |
| Investment Rate of Return | 8.00% |
| Productivity Pay Increase | 0.75% |
| Projected Salary Increases | Regular: 4.60% to 9.75%, depending on service |
| | Police/Fire: 5.25% to 14.5%, depending on service |
| | Justices: 3.0% to 8.0% depending on service |
| | Rates include inflation and productivity increases |
| Consumer Price Index | 3.50% |
| Other Assumptions | Same as those used in the June 30, 2015 funding actuarial valuation |

Mortality rates for non-disabled male regular members were based on the RP-2000 Combined Healthy Mortality Table projected to 2013 with Scale AA. Mortality rates for non-disabled female regular members were based on the RP-2000 Combined Healthy Mortality Table, projected to 2013 with Scale AA, set back one year. Mortality rates for all non-disabled police/fire members were based on the RP-2000 Combined Healthy Mortality Table projected to 2013 with Scale AA, set forward one year. The mortality table used in the actuarial valuation to project mortality rates for all disabled regular members and all disabled police/fire members is the RP-2000 Disabled Retiree Mortality Table projected to 2013 with Scale AA, set forward three years.

Actuarial assumptions used in the June 30, 2015 valuation were based on the results of the experience review completed in 2013.

The discount rate used to measure the total pension liability was 8.00% as of June 30, 2015. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, the pension plan's fiduciary net position at June 30, 2015, was projected to be available to

make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2015.

Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. For the year ended June 30, 2016, the City recognized pension expense of \$9,136,853 for PERS and \$11,350 for JRS. At June 30, 2016, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | PE | RS | JRS | | |
|--|--------------------------------------|-------------------------------------|--------------------------------------|-------------------------------------|--|
| | Deferred Outflows of Resources | Deferred Inflows of Resources | Deferred Outflows of Resources | Deferred Inflows of Resources | |
| Differences between expected and actual experience | \$ - | \$ 6,184,711 | \$ - | \$ 4,667 | |
| Changes in assumptions or other inputs | ı | 43,305 | - | - | |
| Net difference between projected and actual earnings on pension plan investments | ı | 4,453,828 | - | 13,702 | |
| Changes in the employer's proportion and differences between the employer's contributions and the employer's proportionate contributions | 731,477 | - | 13,249 | - | |
| City contributions subsequent to the measurement date | 11,099,260 | - | 20,704 | - | |
| Total | \$ 11,830,737 | \$ 10,681,844 | \$ 33,953 | \$ 18,369 | |

\$11,119,964 was reported as deferred outflows of resources related to pensions resulting from Employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ending June 30, 2017.

The average of the expected remaining service lives of all employees that are provided with pensions through PERS (active and inactive employees) determined at July 1, 2013 (the beginning of the measurement period ended June 30, 2015) is 6.7 years and JRS is 5 years.

Other estimated amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended | | |
|------------|----------------|-----------|
| June 30: | PERS | JRS |
| 2017 | (\$ 3,180,485) | (\$1,279) |
| 2018 | (3,180,485) | (1,279) |
| 2019 | (3,180,485) | (1,279) |
| 2020 | 746,257 | (1,283) |
| 2021 | (899,303) | - |
| Thereafter | (255,866) | - |

Additional Information. Additional information is available on the PERS website at www.nvpers.org under Quick Links – Publications.

Trend Analysis

The principal changes from the June 30, 2011 valuation to the June 30, 2015 valuation are:

- (a) Improvements in the mortality table resulting in longer life expectancies for City Retirees and PEBP retirees (increase);
- (b) updates of employees and premium data (increase):
- (c) an extension of paid dental, vision, and life insurance benefits for Sheriff's department retirees (increase);
- (c) a small increase in the assumed percentage of employees and their dependents who will elect coverage in retirement;
- (d) an update to the trend assumptions for future increases in medical premiums (Increase).
- (e) Carson City Employees Association negotiated a percentage of premium paid for the retirees subsidy in liue of raises during FY14, instead of the prior subsidy, which was \$6 per year of service. (Increase)

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Nonmajor Funds

Senior Citizens Center Fund - This Fund is used to account for the 1984 voter-approved tax override of five cents to provide for the construction, furnishing, equipment, operation, and ongoing maintenance of Senior Citizens facilities in Carson City.

Cooperative Extension Fund - This Fund was established in accordance with Nevada Revised Statute 549.020 and is used to account for the City's share of the Cooperative Extension work which is funded by a one cent to five cent tax rate subject to Board of Supervisor approval.

Traffic Transportation Fund - This Fund was established in accordance with the Carson City Charter Section 2.240 and is used to account for monies received for parking fees and fines and may be expended only for the establishment, repair, and control of parking meters, facilities for parking, and any other appurtenances necessary for traffic control.

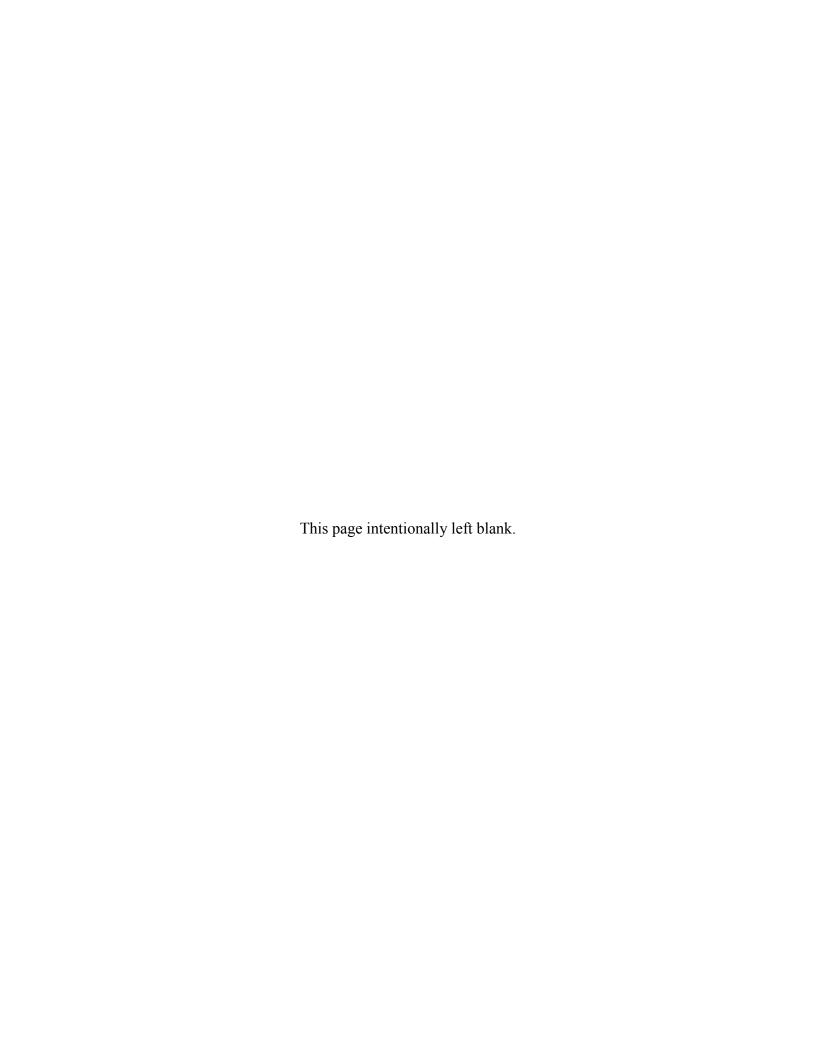

Supplemental Indigent Fund - This Fund is used to account for additional indigent expenditures other than General Fund requirements and for the collection and payment to the State of Nevada for the auto accident indigent ad valorem tax levy.

Library Gift Fund - This Fund was established in accordance with Nevada Revised Statute 379.106 and is used to account for all gifts to the Ormsby Public Library.

Administrative Assessments Fund - This Fund was established by NRS 176.059 and is used to account for the City's share of assessments on misdemeanor convictions.

911 Surcharge Fund - This Fund was established in accordance with Nevada Revised Statute 244A.7643 and is used to account for the 911 surcharge monies that may be expended only for the enhancement or improvement of the telephone system for reporting an emergency in Carson City County.

Capital Projects Fund - This Fund is used to account for the additional ad valorem tax imposed in accordance with Nevada Revised Statute 354.598155 for the purpose of replacing major assets.

SPECIAL REVENUE FUNDS Continued

Street Maintenance Fund - This Fund is used to account for the one-quarter percent (0.25%) retail sales and use tax for the sole purpose of maintaining and repairing public roads within Carson City; the one cent per gallon motor vehicle fuel tax approved by the voters in 1986 for the purpose of repairing or restoring existing paved roads, streets, and alleys; and the 3.60 and 1.75 cents per gallon motor vehicle fuel taxes collected in accordance with Nevada Revised Statutes 365.180 and 365.190.

Redevelopment Administration Fund - This Fund is used to account for the operations of the Redevelopment Agency, which has been combined with Carson City for financial statement purposes.

Carson City Transit Fund - This Fund is used to account for transit grants, fares, donations, and additional City funding to be used for the sole purpose of providing public transportation services within Carson City.

Commissary Fund - This Fund is used to operate a commissary to allow the Sheriff to sell to the prisoners food, beverages, toiletries, and similar items as the Sheriff may approve. The Sheriff must expend the profits from the operation of the commissary only for the welfare and benefit of the prisoners in the jail.

V & T Special Infrastructure Fund – This fund is used to account for the 0.125% sales tax revenue that is pledged for the payment of principal and interest on the bonds known as the V & T Historical Bonds.

Campo Fund - This fund is used to account for revenues received and expenditures incurred related to the administration of Federal Highway Administration and Federal Transit Administration Metropolitan Planning activities.

Airport Fund - This Fund is used to account for Federal Aviation Administration grants awarded to the City.

Regional Transportation Fund - This Fund is used to account for the nine cent per gallon County fuel tax imposed in accordance with Nevada Revised Statute 373.030. The monies are to be used for the purpose of street and highway construction.

Quality of Life Fund - This Fund is used to account for a voter approved onequarter percent (0.25%) sales tax for the purpose of acquiring open space and the construction and maintenance of park and trail facilities.

Grant Fund - This fund is used to account for state and federal grants.

DEBT SERVICE FUNDS

Debt Service Funds are used to account for the accumulation of resources and payment of long-term obligation principal and interest from governmental resources.

Nonmajor Funds

Carson City Debt Service Fund - This Fund is used to accumulate monies for payment of general obligation bonds, notes, and capital lease obligations of the City that are not required to be accounted for in the Proprietary Funds.

Redevelopment Debt Service Fund - This Fund is used to accumulate monies for the payment of bonds and notes of the Redevelopment Agency.

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for the acquisition and construction of major capital facilities other than those financed by Proprietary Funds.

Nonmajor Funds

Extraordinary Maintenance Fund - This Fund is used to account for expenditures in accordance with NRS 354.6105 for the extraordinary maintenance, repair, or improvement of capital projects or facilities that replace capital projects of the City.

Residential Construction Fund - This Fund is used to account for the one percent tax on the valuation of each building permit issued or \$1,000 per residential dwelling unit, whichever is less, to be used for the purpose of providing neighborhood parks and park facilities in accordance with Nevada Revised Statute 278.4983.

Infrastructure Fund - This Fund accounts for one-eighth of one percent (.125) increase in Sales Taxes pursuant to Nevada Revised Statute 377B. Proceeds from this tax must be spent in accordance with the Plan set forth, which includes payment of principal and interest on notes, bonds or other securities issued to provide money for the cost of the capital projects, facilities, and activities described in the Plan.

Redevelopment Revolving Fund - This Fund is used to account for construction projects of the Redevelopment Agency.

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises—where the intent of the government's board is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the government's board has decided that periodic determination of net income is appropriate for accountability purposes.

Major Funds

Sewer Fund - This Fund is used to account for the revenues and expenses of sewer services provided to the residents of Carson City.

Water Fund - This Fund is used to account for the revenues and expenses of water services provided to the residents of Carson City.

Nonmajor Funds

Ambulance Fund - This Fund is used to account for the operations of the ambulance service provided by the Carson City Fire Department.

Stormwater Drainage Fund - This Fund is used to account for the revenues and expenses of the stormwater management program.

Cemetery Fund - This Fund is used to account for the costs of providing interment services and perpetual care of the City's cemetery.

Building Permits Fund - This Fund is used to account for the revenues and expenses of the Building Permit Program.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency of a government to other departments or agencies on a cost reimbursement basis. Accounting for Internal Service Funds as a proprietary fund type is designed to accumulate the total cost (including depreciation) of providing a particular service. Costs for services are reimbursed by the departments or agencies to which the services are provided.

Group Medical Insurance Fund - This Fund is used to account for monies collected from City departments and employees to be expended for claims for medical services provided to employees and their dependents.

Workers' Compensation Fund - This Fund is used to account for monies collected for the insurance program from City departments to be expended for payment of claims, as required by law, to employees injured by accident while at work.

Insurance Fund - This Fund is used to account for monies collected from City departments for liability and property insurance.

Fleet Management Fund - This fund is used to account for monies collected from City departments for fleet maintenance operations.

FIDUCIARY FUNDS

Fiduciary Funds are used to account for assets held by the government in a trustee or agency capacity.

Investment Trust Fund - This Fund is used to account for the external investment pool administered by Carson City. The pool has one involuntary participant, the Carson City School District Debt Service Fund. These statements can be found in the City's basic financial statements.

Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Agency Funds are merely clearing accounts and have no fund equity. The following information is presented to describe each of the City's Agency Funds:

Eagle Valley Water District Fund - This Fund is used to account for the collection and payment of ad valorem taxes on behalf of the District.

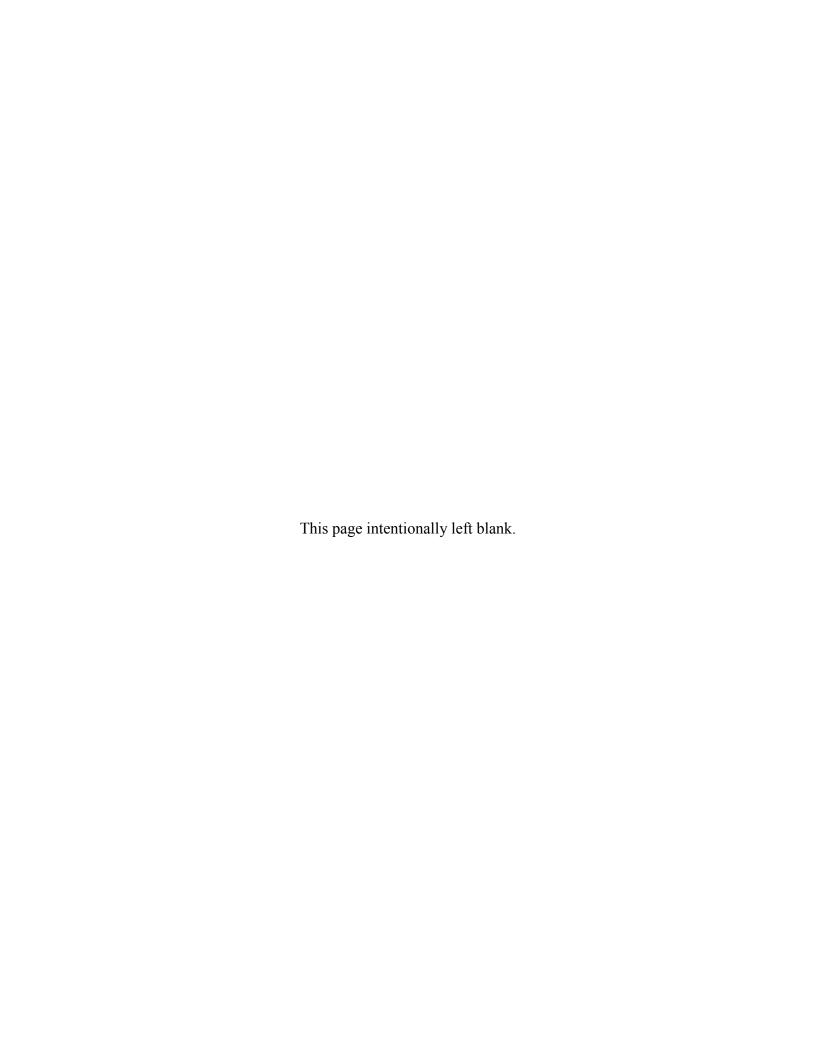

Sub-Conservancy District Fund - This Fund is used to account for the collection and payment of ad valorem taxes on behalf of the District.

Fish and Game Fund - This Fund is used to account for monies withdrawn from the wildlife account within the State General Fund and transferred to the City for disposition by the City's Advisory Board to manage wildlife.

Controller Trust Fund - This Fund is used to account for unclaimed payroll warrants and accounts payable warrants during the required statutory period, which have been returned to the City until claimed or remitted to the State of Nevada Unclaimed Property Division.

State of Nevada Fund - This Fund is used to account for the collection and payment of the State of Nevada's share of ad valorem taxes, District and Justice Court fees, marriage fees, or fees otherwise mandated by statute, and collected by the City.

Nevada Commission for the Reconstruction of the V & T Railway Fund - This Fund is used to account for the collection and distribution of gifts, grants, and donations to reconstruct the Virginia and Truckee Railroad between Virginia City and Carson City.

FIDUCIARY FUNDS Continued

Forfeiture Account Fund - This Fund is used to account for currency that is seized by the Sheriff's Office and will remain in the Fund until the court determines if the currency is subject to forfeiture.

Carson City School District Debt Service Fund - This Fund is used to account for ad valorem taxes and interest earned thereon, specifically apportioned and appropriated for the retirement of long-term general obligation principal and interest of the School District.

Carson City School District Operating Fund - This Fund is used to account for the collection of and remittance to the school district of ad valorem taxes.

Source: Carson City Assessor

Pursuant to NRS 361.227, real property is valued at taxable value, determined by calculating the full cash value (market value) of land and estimated replacement cost of improvements less appropriate depreciation. Taxable assessed value is 35% of estimated actual value. Real property is reappraised at least every five years. Property not reappraised is revalued annually using various approved methods.

(1) Per hundred dollars of assessed valuation.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Honorable Mayor and Members of the Board of Supervisors Carson City, Nevada

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Carson City, Nevada (the City), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated November 21, 2016. Our report includes a reference to other auditors who audited the financial statements of the Airport Authority of Carson City, Nevada and the Carson City Convention and Visitors' Bureau, as described in our report on Carson City, Nevada's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters for the Airport Authority of Carson City, Nevada or the Carson City Convention and Visitors' Bureau that are reported on separately by those auditors.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Reno, Nevada

November 21, 2016

Esde Saelly LLP

Independent Auditor's Report on Compliance For Each Major Federal Program; Report on Internal Control Over Compliance Required by Uniform Guidance

To the Honorable Mayor and Members of the Board of Supervisors Carson City, Nevada

Report on Compliance for Each Major Federal Program

We have audited Carson City, Nevada's, (the City), compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2016. The City's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

The City's basic financial statements include the operations of the Airport Authority of Carson City, a discretely presented component unit, which received \$150,000 in federal awards which are not included in the City's Schedule of Expenditures of Federal Awards for the year ended June 30, 2016. Our audit, as described below, did not include the operations of the Airport Authority of Carson City because the Airport Authority of Carson City engaged other auditors to perform an audit in accordance with the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Reguirements, Cost Principles, and Audit Reguirements for Federal Awards (Uniform Guidance).

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Uniform Guidance. Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Basis for Qualified Opinion on Highway Planning and Construction Cluster

As described in the accompanying schedule of findings and questioned costs, the City did not comply with requirements regarding CFDA 20.505 Highway Planning and Construction as described in finding number 2016-002 for Cash Management requirements. Compliance with such requirements is necessary, in our opinion, for the City to comply with the requirements applicable to that program.

Qualified Opinion on Highway Planning and Construction Cluster

In our opinion, except for the noncompliance described in the Basis of Qualified Opinion paragraph, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the Highway Planning and Construction Cluster for the year ended June 30, 2016.

Opinion on Each of the Other Major Federal Programs

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2016.

Other Matter

The City's response to the noncompliance finding identified in our audit is described in the accompanying corrective action plan. The City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with requirements with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses and significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2016-002 to be a material weakness.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2016-001 and 2016-003 to be significant deficiencies.

The City's responses to the internal control over compliance findings identified in our audit are described in the accompanying corrective action plans. The City's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Reno, Nevada

CARSON CITY NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2016

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Carson City, Nevada and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Uniform Guidance. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Note 2 – De Minimis Cost Rate

The City has not elected to use the 10% de minimis cost rate.

Section I – Summary of Auditor's Results

Auditee qualified as a low-risk auditee?

Financial Statements

Type of auditor's report issued: Unmodified Internal control over financial reporting: Material weaknesses identified? No Significant deficiencies identified not considered to be material weaknesses? None Reported Noncompliance material to financial statements noted? No Federal Awards Internal control over major programs: Material weaknesses identified? Yes Significant deficiencies identified not considered to be material weaknesses? Yes Type of auditor's report issued on compliance for major programs: Qualified Any audit findings disclosed that are required to be reported in accordance with Uniform Guidance 2 CFR 200.516? Yes Identification of major programs: Name of Federal Program or Cluster **CFDA Number** Highway Planning and Construction Cluster 20.205 Federal Transit Cluster 20.507/20.526 Capitalization Grants for Clean Water State Revolving Funds 66.458 Capitalization Grants for Drinking Water State Revolving Funds 66.468 Dollar threshold used to distinguish between Type A and Type B programs: \$750,000

No

Section II - Findings Relating to the Financial Statement Audit Reported in Accordance with Generally Accepted Governmental Auditing Standards (GAGAS):

There were no findings reported.

Section III – Federal Award Findings and Questioned Costs

Finding 2016-001: U.S. Department of Transportation

Federal Transit Cluster:

Federal Transit – Formula Grants, CFDA 20.507 Bus and Bus Facilities Formula Program, CFDA 20.526

Reporting

Significant Deficiency in Internal Control over Compliance

Criteria: The OMB Compliance Supplement requires that reports submitted to the

federal awarding agency are complete, accurate, and supported by accounting

records.

Condition: The Transportation Division of the Carson City Public Works Department

submits SF-425 Federal Financial Reports (SF-425) for the Federal Transit – Formula Grants. During our testing of the SF-425 reports, we noted that one of the reports included incorrect amounts for federal cash receipts and federal

cash disbursements.

Effect: Inaccurate information was reported to the federal granting agency.

Cause: The Transportation Division of the Carson City Public Works Department did

not have adequate procedures in place to ensure that submitted SF-425 reports

are complete, accurate and supported by accounting records.

Questioned Costs: None reported.

Context/Sampling: A nonstatistical sample of two reports out of the nine reports submitted to the

federal awarding agency during fiscal year 2016 were selected for testing.

Repeat Finding from

Prior Year: No

Recommendation: We recommend the Transportation Division of the Carson City Public Works

Department enhance internal controls to ensure that SF-425 reports are reviewed in detail prior to submission to ensure that the reports are complete,

accurate, and supported by accounting records.

Views of Responsible

Officials: The management of the Transportation Division of the Carson City Public

Works Department agrees with this finding.

Finding 2016-002: U.S. Department of Transportation

Nevada Department of Transportation

Highway Planning and Construction Cluster:

Highway Planning and Construction, CFDA 20.205

Cash Management

Material Weakness in Internal Control over Compliance and

Material Noncompliance

Criteria: The OMB Compliance Supplement states that for grants using the

reimbursement payment method, the non-federal entity must disburse funds for program purposes before requesting payment from the pass-

through entity.

Condition: The Transportation Division of the Carson City Public Works Department

submits reimbursement requests to the pass-through entity, the Nevada Department of Transportation. During our testing of the reimbursement requests, we noted one instance where payment was requested and

received prior to funds being disbursed.

Effect: Grant funds were received in advance of funds being disbursed.

Cause: The Transportation Division of the Carson City Public Works Department

did not have adequate procedures in place to ensure that reimbursement

requests were submitted only after funds were disbursed.

Questioned Costs: None reported.

Context/Sampling: A nonstatistical sample of six reimbursement requests representing

\$273,063 out of nine reimbursement requests totaling \$336,461submitted to the pass-through entity during fiscal year 2016 and one for \$51,250

submitted in fiscal year 2015 were selected for testing.

Repeat Finding from

Prior Year: No

Recommendation: We recommend the Transportation Division of the Carson City Public

Works Department enhance internal controls to ensure that reimbursement

requests are submitted only after funds are disbursed.

Views of Responsible

Officials: The management of the Transportation Division of the Carson City Public

Works Department agrees with this finding.

Finding 2016-003: U.S. Department of Transportation

Nevada Department of Transportation

Highway Planning and Construction Cluster:

Highway Planning and Construction, CFDA 20.205

Other

Significant Deficiency in Internal Control over Compliance

Criteria: The Uniform Guidance states that auditees must prepare a schedule of

expenditures of federal awards for the period covered by the auditee's financial statements that, at a minimum, must provide total federal awards expended for each individual federal program and the CFDA number. For a cluster of programs, provide the cluster name, list individual federal programs within the cluster of programs, and provide the applicable

federal agency name.

Condition: The City's Finance Department prepares the schedule of expenditures of

federal awards. During our testing of the schedule, we noted one instance where a federal program that was part of the Highway Planning and Construction Cluster was reported with the incorrect CFDA number and

not included within the cluster of programs.

Effect: The City's schedule of expenditures of federal awards was not accurate.

Cause: The City's Finance Department did not have adequate procedures in place to

ensure that the schedule of expenditures of federal awards accurately reports total federal awards expended for each individual federal program and cluster

of programs.

Questioned Costs: None reported.

Context/Sampling: N/A

Repeat Finding from

Prior Year: No.

Recommendation: We recommend the City's Finance Department enhance internal controls to

ensure that the schedule of expenditures of federal awards accurately report total federal awards expended for each individual federal program and cluster

of programs.

Views of Responsible

Officials: The management of the City's Finance Department agrees with this

finding.

CARSON CITY NEVADA Consolidated Municipality and State Capital PUBLIC WORKS

CORRECTIVE ACTION PLAN November 9, 2016

Dear Grantor Agencies:

The following is a discussion of our corrective action plan in response to the findings noted by Eide Bailly LLP in the Schedule of Findings and Questioned Costs for the year ended June 30, 2016.

U.S. DEPARTMENT OF TRANSPORTATION:

Finding 2016-001:

Federal Transit Cluster: Federal Transit – Formula Grants, CFDA 20.507 Bus and Bus Facilities Formula Program, CFDA 20.526

Criteria:

The *OMB Compliance Supplement* requires that reports submitted to the federal awarding agency are complete, accurate, and supported by accounting records.

Recommendation:

We recommend the Transportation Division of the Carson City Public Works Department enhance internal controls to ensure that SF-425 reports are reviewed in detail prior to submission to ensure that the reports are complete, accurate, and supported by accounting records.

Management's Response:

The Transportation Division of the Carson City Public Works Department has taken corrective action through the enhancement of internal controls to ensure that SF-425 (Federal Financial Report, FFRs) reports are reviewed in detail prior to submission. The City will implement an extra review by another staff member to confirm whether the reports are complete, accurate, and supported by accounting records.

Finding 2016-002:

Highway Planning and Construction Cluster: Highway Planning and Construction, CFDA 20.205

Criteria:

The *OMB Compliance Supplement* states that for grants using the reimbursement payment method, the non-federal entity must disburse funds for program purposes before requesting payment from the pass-through entity.

3505 Butti Way, Carson City, NV 89701 (775) 887-2355 FAX (775) 887-2112

Operations: Water, Sewer, Streets, Wastewater, Landfill, Environmental

Engineering, Transportation, Capital Projects

Recommendation:

We recommend the Transportation Division of the Carson City Public Works Department enhance internal controls to ensure that reimbursement requests are submitted only after funds are disbursed.

Management's Response:

The Transportation Division of the Carson City Public Works Department has enacted corrective action through the enhancement of internal controls to ensure that reimbursement requests are submitted only after funds are disbursed. The staff member now reviewing and submitting these requests has been properly trained on the process and how to accurately determine when funds have been disbursed.

The contact information for the person responsible for implementing the corrective action and management official responsible for ensuring that the corrective action has been taken is as follows:

CORRECTIVE ACTION PLAN November 10, 2016

Dear Grantor Agencies:

The following is a discussion of our corrective action plan in response to the findings noted by Eide Bailly LLP in the Schedule of Findings and Questioned Costs for the year ended June 30, 2016.

U.S. DEPARTMENT OF TRANSPORTATION:

Finding 2016-003:

Highway Planning and Construction Cluster: Highway Planning and Construction, CFDA 20.205

Criteria:

The Uniform Guidance states that auditees must prepare a schedule of expenditures of federal awards for the period covered by the auditee's financial statements that, at a minimum, must provide total federal awards expended for each individual federal program and the CFDA number. For a cluster of programs, provide the cluster name, list individual federal programs within the cluster of programs, and provide the applicable federal agency name.

Recommendation:

We recommend the City's Finance Department enhance internal controls to ensure that the schedule of expenditures of federal awards accurately report total federal awards expended for each individual federal program and cluster of programs.

Management's Response:

The Finance Department of Carson City has taken corrective action through the enhancement of internal controls to ensure that the Schedule of Expenditure of Federal Awards (SEFA) is reviewed in detail. The City will also enhance grant training for staff responsible for compiling the SEFA.

The contact information for the person responsible for implementing the corrective action and management official responsible for ensuring that the corrective action has been taken is as follows:

Reporting

Significant Deficiency

Initial Fiscal Year

Finding Occurred: 2015

Finding Summary: The OMB Circular A-133 requires that non-federal entities receiving

federal awards establish and maintain internal controls designed to reasonably ensure compliance with program compliance requirements. During our testing of SF-425 reports submitted for this program during fiscal year 2015, we noted no evidence of internal controls over the

preparation and submission of the reports.

Status: Corrected

Auditor's Comments

To the Honorable Mayor and Members of the Board of Supervisors Carson City, Nevada

In connection with our audit of the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Carson City, Nevada (the City) as of and for the year ended June 30, 2016, and the related notes to the financial statements, nothing came to our attention that caused us to believe that the City failed to comply with the specific requirements of Nevada Revised Statutes cited below. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the requirements of Nevada Revised Statutes cited below, insofar as they relate to accounting matters.

Statute Compliance

The required disclosure on compliance with Nevada Revised Statutes and the Nevada Administrative Code is contained in Note 2B to the financial statements

Progress on Prior Year Statute Compliance

The City reported expenditures exceeding budgetary authority for the year ended June 30, 2015 in two instances. While efforts were made to prevent expenditures exceeding budgetary authority during the current year, the City reported expenditures exceeding budgetary authority in Note 2B to the financial statements in the current year.

Prior Year Recommendations

Ed Saelly LLP

The status of the prior year audit findings is included in the Summary Schedule of Prior Audit Findings.

Current Year Recommendations

The current year findings are included in the accompanying Schedule of Findings and Questioned Costs.
